LEA Contact: Marcy Hannum, Senior REHS
707-784-6765

Operator Contact: Greg Pryor, General Manager
707-678-4718

Introduction

Please be advised that the Solano County Solid Waste Local Enforcement Agency (LEA) has received and accepted an application package from Jepson Prairie Organics Composting Facility (JPO) to revise the SWFP. The LEA is certified by the California Department of Resources, Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste facilities within Solano County.

Description of Project

Jepson Prairie Organics is a 54-acre existing composting facility located within the Hay Road Landfill. The proposed revised permit will decrease the current acreage to a total of 39 acres for the facility and the days of operation will be increased by remaining open 365 days per year; currently the facility is closed 4 holidays in the year. Additionally, the Fire Prevention Plan and Odor Impact Mitigation Plan have been updated.

The LEA's preliminary determination is that the proposed revised permit be approved.

Informational meeting

The purpose of the public informational meeting is to provide information related to the proposed permit, describe the process and timeline for permit issuance and provide an opportunity for the public to provide comments to the LEA. No official decisions will be made at this meeting.

Submitting Comments

Written comments on the proposed permit can be submitted at the informational meeting or can be sent to Marcy Hannum by June 30, 2018 at the address listed below or emailed to mlhannum@solanocounty.com.
