DEPARTMENTAL RECOMMENDATION:

It is recommended that the Board accept the County Treasurer's Quarterly Report for the period of October 1, 2020 through December 31, 2020.

SUMMARY:

Submitted herein is the Treasurer's FY2020/21 Second Quarter Report, which contains the Treasurer's Statement of Compliance.

This report is provided for informational purposes only. All information contained in this report pertains to all county, district, agency and school district funds. This report is also available on the Treasurer's web site at www.solanocounty.com.

FINANCIAL IMPACT:

There is no financial impact in accepting this report; all costs associated with preparing the agenda item are nominal and absorbed by the department's FY2020/21 Adopted Budget.

ALTERNATIVES:

The Board could elect not to accept this report at this time or request a change in content or format.

OTHER AGENCY INVOLVEMENT:

This report will be promulgated to the distribution list on the Statement of Compliance and published on the Treasurer's website.

January 13, 2021

The Honorable Members of the Board of Supervisors
County of Solano County
675 Texas Street, Suite 6500
Fairfield CA 94533

Honorable Members of the Board:

It is my pleasure to present the quarterly report for the second quarter of FY2020/21.

State of the Treasury

The \$1.6 billion Treasurer's pool is managed in accordance with the tenets of California Government Code §53600.5 to provide for the safety of principal, adequate liquidity for all anticipated cash flow requirements, and a consistent rate of return commensurate with the established risk profile.

The \$579.1 million currently held in cash and investments with six months or less left to maturity should provide adequate funding for all anticipated cash needs, while also affording the Treasury an opportunity to invest excess liquidity at higher rates.

The treasury pool is maintained with a duration designed to stabilize yields consistent with the risk profile established by the Treasurer. The treasury pool is also diversified from a credit risk perspective by maintaining a mix of investments that includes 13.5% in cash and cash equivalents, 25.2% in US Treasuries, 44.5% in Government Sponsored Enterprises, 6.0% in US Corporations and 4.2% in Municipals; with the balance of 6.6% held in a variety of assets including mutual funds, commercial paper, and other holdings allowable under §53600.5.

Current Market Conditions Impacting the Treasury Pool

Treasury managers monitor information provided by the Federal Reserve; its actions and information impact the interest rates at the short end of the curve where nearly all the treasury investments are made.

In the December 15 – 16, 2020 Federal Open Market Committee (FOMC) statement, the committee kept fund rates at .25 upper bound and .00 lower bound.

The January 13, 2021 Beige Book report of the 12 federal districts report economic activity and employment paint a mixed picture that is reflective of the economic and behavioral changes seen as a result of COVID-19. Regions experiencing "stricter containment measures" as a result of infection rate surges have shown declines in employment, retail sales, and demand for leisure & hospitality services, while overall the economy recovery has maintained a steady if uneven growth rate.

"Almost all districts saw modest price increases since the last report, with growth in input prices continuing to outpace that of finished goods and services", with several districts reporting an increased ability of producers to pass these additional costs on to consumers in the form of higher prices. Price increases were most acutely noted in residential real estate where a combination of low inventories and rising construction costs exist.

The committee expects to maintain an accommodative stance until its stated goals have been achieved. The committees stated goals are inflation moderately over 2% for some time, and maximum employment.

Expectations going forward

Given the FOMC statement and data provided in the Beige Book Report, treasury managers expect interest rates on the short end of the interest rate curve to remain close to zero for the next quarter. As investments in the pool mature and are reinvested, the yield on newly invested funds will be substantially lower, and the pool earnings will be less than in previous quarters.

Credit quality of corporate securities will continue to be monitored more closely during this crisis, and investments will continue to be diversified to mitigate risk. Given the shape of the yield curve, liquidity will be increased in the coming quarter.

Respectfully Submitted,
CHARLES LOMELI

STATEMENT OF COMPLIANCE

December 31, 2020

Liquidity:

The Treasury has a cash and cash equivalent position (securities maturing within 6 months) of \$579 million dollars as of December 31, 2020. Based on historical trend analysis and projections by the various school districts, it is estimated that this cash position is adequate to meet projected liquidity requirements of the pool participants for the next six months.

Should the treasury experience unusual demands on cash, the liquidity position will be adjusted accordingly.

Investments:

The investment portfolio has been reviewed by the Treasurer-Tax Collector-County Clerk on December 31, 2020 and found to be in compliance with the Investment Policy.

Reporting and Distribution:

In accordance with Government code section 53607, a monthly report is submitted to the Clerk of the Board electronically.

In accordance with the Government Code section 53646 this non-mandated quarterly report is submitted to provide full disclosure to the Board and public.

This report is also made available to the Superintendent of Schools, the business managers of each district, many pool participants and the public at large via the Internet.

Respectfully Submitted,
CHARLES LOMELI
Treasurer-Tax Collector-County Clerk
