1	SCOPE OF SERVICES

1.1 Overview

The Solano County Administrator's Office is seeking highly qualified agencies to provide emergency food services to Solano County residents who were negatively impacted economically by the COVID-19 pandemic.

The County received federal American Recovery Plan Act (ARPA) State and Local Fiscal Recovery Funds (SLFRF) to aid the county in its recovery from the pandemic. Specifically, the Solano County Board of Supervisors allocated \$2 million in ARPA SLFRF for the provision of emergency food services.

1.2 Description of Need

According to Feeding America, prior to the COVID-19 pandemic, food insecurity was at its lowest rate in the U.S. in 20 years, but this still meant over 35 million Americans, one-third of whom were children, were food insecure. Since the pandemic, these numbers have risen, and Feeding America estimates that in 2021, more than 42 million Americans were food insecure, including 13 million children. In Solano County, they calculate the increase from 2019 to 2020 was 43%, and for children it rose as much as 50%. According to the Solano County Community Health Assessment Report, completed in June 2020, 13.7% of the county's population, or nearly 60,000 residents, experienced food insecurity. The pandemic increased food security for many households and some households experienced food insecurity for the first time as the shutdown resulted in high rates of unemployment.

1.3 Household Eligibility

In order to determine who is eligible to receive assistance, the federal rules state that the following households and communities are presumed to be impacted by the COVID-19 pandemic and are eligible for services:

- Low- or moderate-income households or communities
- Households that experienced unemployment
- Households that experienced housing or food insecurity
- Households that qualify for a variety of federal health, medical, and housing programs

1.4 Funding Availability

Funding is available through this NOFA in the amount of \$2 million, which may be broken in smaller amounts to multiple recipients. The amount available per application will be dependent upon the number of qualified applications received and their final score per the Evaluation Committee. Final awards are subject to the discretion of the Board of Supervisors. The funding will be available for a two-year period (August 10, 2022-June 30, 2024) for implementation.

No monies from this program may be used to supplant federal, state, county, or local general fund monies available to the agency for any purpose. Activities funded under this NOFA must be new or enhancements to existing activities.

The funding for the contract(s) resulting from this NOFA is contingent upon receipt of funds from and/or obligation of ARPA funds by the federal government; and inclusion of sufficient funding for the services in the budget approved by the County's Board of Supervisors for each fiscal year covered by the contract(s). If such approval, funding, or appropriations are not forthcoming, or are otherwise limited, the contract(s) may be immediately terminated, reduced, or modified without penalty.

Should additional funding become available, these Applicants may be recommended for funding in the order ranked.

In addition to the EC recommendation, financial experts may review agency audited financial statements for solvency and internal controls to ensure ability to fulfill a contract resulting from this NOFA.

Final selection is at the sole discretion of the Solano County Board of Supervisors or its designee, which reserves the right to reject any or all Applications, or to make no selection based on this NOFA.

4.4 Best Value

Solano County will select the Application(s) that presents the best value and is most advantageous to the County and the public. Accordingly, County may not necessarily award the Applicant with the lowest proposed price if doing so would not be in the overall best interest of the County and the public. Solano County reserves the right to expand or reduce the proposed scope of work during the contracting process based on budget constraints and to award to single or multiple Applicants.

5 CONTRACT INFORMATION

5.1 Contract Qualifications

Complete a statement of acknowledgment (Attachment A - Application Form, page 1) that the Applicant has reviewed the Proposed Solano County Standard Contract (Attachment B) and has accepted it with or without qualification. If the Applicant makes qualifications, those qualifications must be identified and listed along with suggested modifications to the contract. Note: Contract Exhibits A and B - the scope of work and budget - will be finalized during the contracting process. If the Applicant makes no qualifications to the Standard Contract, including its exhibits, then it shall be deemed that the Applicant accepts these items without reservation or any qualifications and not subject to further negotiation.

5.2 Contract Term/Duration

A contract that results from this NOFA may be awarded for up to two years (approximately August 10, 2022 - June 30, 2024).

Note: The timeframe above is estimated. The award of funds does not authorize work to begin. Contracts must be fully executed before services can begin. Services cannot begin prior to the contracted start date.

5.3 Funding and Payment Structure

Funding is available through this NOFA in the total amount of \$2 million over two years to provide emergency food services.

The contract to be negotiated will be a cost reimbursable contract unless another methodology is requested in the Application and accepted by Solano County during contract negotiations. Funding will be negotiated and allocated based on the Application submitted, and reimbursement for the program/services will be based on actual costs incurred. All costs such as personnel, subcontractors, operating expenses, and indirect costs must be reflected in the proposed budget.

5.4 Budget Definitions

A. Personnel Costs must include positions, salary, and "FTE" (actual percentage of time devoted to the project) for each position. Salary and fringe benefits must be pro-rated for non-full-time employees if agency provides fringe benefits to part-time employees. Salaries are fixed compensation for services performed by staff that are directly employed by the Applicant and are paid for on a regular basis. Employee benefits and employer payroll taxes include employer's contributions or expenses for social security, employee's life and health insurance plans, unemployment insurance, pension plans, and other similar expenses. These expenses are allowable when they are included in the contract and are in accordance with the agency's approved written policies.

B. Salaries and Benefits of personnel involved in more than one program must be charged to each program based on the actual percentage of time spent on each program. The annualized actual percentage charged for a particular position (e.g., Project Director) cannot exceed the annual percentage approved in the award. Similarly, the dollar amount charged for a particular position also must not exceed the dollar amount in the approved award. Functional timesheets or an allocation plan must be maintained which support the time charged.

C. Operating Expenses are defined as necessary expenditures exclusive of personnel salaries, benefits, and equipment. Such expenses include specific items directly charged to the project. The expenses must be program-related (i.e., to further the program objectives) and be incurred during the grant period. County reserves the right to make the final determination if an operating expense is allowable and necessary.

D. Indirect costs are shared costs that cannot be directly assigned to a particular activity but are necessary to the operation of the Applicant agency and the performance of the program. The costs of operating and maintaining facilities, accounting services and administrative salaries are examples of indirect costs. For this program, indirect costs cannot exceed 10% of the total of Salaries and Benefits, and Operating Expenses.

5.5 Contract Award Process

A. After the evaluation of proposals and final consideration of all pertinent information available, Solano County will either reject all proposals or issue a written notice of intent to award. The notice shall not create rights, interests, or claims of entitlement in the apparent best evaluated proposers.

B. This NOFA, its attachments, submitted questions and their answers, and the Application shall be incorporated into the final contract.

C. The apparent best evaluated Applicants should be prepared to enter into a contract with Solano County which shall be substantially the same as the Standard Contract included in Attachment B to

this NOFA. Notwithstanding this, Solano County reserves the right to add terms and conditions, deemed to be in the best interest of the County, during final contract negotiations.

- D. Contracts must be fully executed before services can begin. Services cannot begin prior to the contracted start date.
- E. If an Applicant fails to sign and return the contract drawn pursuant to this NOFA and final contract negotiations within 14 days of its delivery to the Applicant, Solano County may cancel the award and award the contract to the next best evaluated Applicant.

6 TERMS AND CONDITIONS

6.1 Protests and Appeals

Any actual Applicant who believes that the process was not conducted per the instructions provided in this NOFA and wishes to protest the notice of intent to award may submit a protest in writing to the Director of General Services within 7 calendar days after such Applicant knows or should have known of the facts giving rise to the protest, but in no event later than 7 calendar days after the date of the notice of intent to award. All letters of protest shall clearly identify the reasons and basis for the protest. The protest must also state the law, rule, regulation, or policy upon which the protest is based. The Director of General Services will issue a written decision within 10 working days after receipt of the protest which shall include the reason for the action taken and the process for appealing the decision.

6.2 County Purchasing Policy

The County's Purchasing & Contracting Policy Manual, found at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=21595> is fully incorporated into and made a part of this NOFA by this reference and governs this NOFA.

6.3 NOFA Amendment, Cancellation and Right of Rejection

- A. Solano County reserves the unilateral right to amend this NOFA in writing at any time by posting the amendment on the Solano County website. Applicants are responsible for viewing the website periodically for any amendments to the NOFA. Applicants shall respond to the final written NOFA and any exhibits, attachments, and amendments.
- B. Solano County also reserves the right, in its sole discretion, to reject any and all Applications or to cancel or reissue the NOFA.
- C. Solano County reserves the right, in its sole discretion, to waive variances in Applications provided such action is in the best interest of County. Where Solano County waives minor variances in Applications, such waiver does not modify the NOFA requirements or excuse the Applicant from full compliance with the NOFA. Notwithstanding any minor variance, Solano County may hold any Application to strict compliance with the NOFA.

6.4 Confidentiality

Solano County will retain a master copy of each response to this NOFA, which responses will become a public record after the award of a contract unless the qualifications or specific parts of the qualifications

can be shown to be exempt by law under Government Code section 6250 et seq. Applicants may clearly label part of a submittal as "CONFIDENTIAL" if the Applicant agrees to indemnify and defend the County for honoring such a designation. The failure to have so labeled any information shall constitute a complete waiver of all claims for damages caused by any release of the information. If a public records request for labeled information is received by the County, the County will notify the Applicant of the request and delay access to the material until 7 working days after notification to the Applicant. Within that time delay, it will be the Applicant's duty to act in protection of its labeled information. Failure to so act shall constitute a complete waiver.

INTRODUCTION

According to Feeding America, prior to the COVID-19 pandemic, food insecurity was at its lowest rate in the U.S. in 20 years, but this still meant over 35 million Americans, one-third of whom were children, were food insecure. Since the pandemic, these numbers have risen, and Feeding America estimates that in 2021, more than 42 million Americans were food insecure, including 13 million children. In Solano County, they calculate the increase from 2019 to 2020 was 43%, and for children it rose as much as 50%.¹ According to the Solano County Community Health Assessment Report, completed in June 2020, 13.7% of the county's population, or nearly 60,000 residents, experienced food insecurity.²

The pandemic increased food insecurity for many households and some households experienced food insecurity for the first time as the shutdown resulted in high rates of unemployment. Local agencies worked hard to provide food for these households, and recovery is still underway.

The unsolicited requests for funding included in this report are not an exhaustive list of options available to address the food insecurity crisis; these are proposals received by local organizations to address the needs of some, but not all, of Solano County's residents.

U.S. TREASURY/BOARD APPROVED ELIGIBLE CATEGORIES

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Final Rule revised the categories of eligible uses of funding and broadened eligible uses. Whereas the Final Rule made changes that consolidated some of the eligible funding categories, for purposes of Treasury reporting and this Workgroup Report, the categories implemented under the Interim Rule and approved by the Board of Supervisors will be used. These categories are as follows:

Category 2: Negative Economic Impacts

2.1 Household Assistance: Food Programs

Any recommendations for emergency food services must qualify under the U.S. Treasury/Board Approved Eligible Categories under these categories and sub-categories.

Household Eligibility

In order to determine who is eligible to receive assistance under the above categories, the Final Rule states that the following households and communities are presumed to be impacted by the COVID-19 pandemic and are eligible for services:

- Low- or moderate-income households or communities
- Households that experienced unemployment
- Households that experienced housing or food insecurity
- Households that qualify for a variety of federal health, medical, and housing programs³

² <https://www.solanocounty.com/civicax/filebank/blobdload.aspx?BlobID=34814>

³ These programs include Children's Health Insurance program (CHIP); Childcare Subsidies through the Child Care and Development (CCDF) program; Medi-Cal; National Housing Trust Fund affordable housing programs; HOME Investment Partnerships Program (HOME) for impacted households. For disproportionately impacted households, these programs include: CalWORKS; Supplemental Nutrition Assistance Program (SNAP); Free and Reduced-Price

For purposes of the Final Rule, the Treasury has defined low- or moderate-income to be households or communities with income at or below 300% of the Federal Poverty Guidelines (FPG) based on household size as stated in the most recently published guidelines, or income at or below 65% of the area median income (AMI) for the jurisdiction, also based on household size. For purposes of this report, the 2022 Federal Poverty Guidelines and the Area Median Income Limits will be used.

For Solano County, these amounts are as follows:

ELIGIBLE INCOME LIMITS – TABLE 1

Household Size	1	2	3	4	5	6	7	8
65% AMI Income Limit	\$ 47,943	\$ 54,747	\$ 61,614	\$ 68,418	\$ 73,899	\$ 79,380	\$ 84,861	\$ 90,342
300% FPG	\$ 40,770	\$ 54,930	\$ 69,090	\$ 83,250	\$ 97,410	\$111,570	\$125,730	\$139,830

As shown in the table above, generally 300% of the FPG is the higher income limit in Solano County. The exception is in the single-person household, where 65% of the AMI is greater.

IDENTIFIED NEEDS

The Solano County Community Health Assessment Report shows that Healthy Eating (and Active Living) is among the top health concerns in the county, stating that “Lack of access to healthy grocery stores and the prevalence of fast-food options stands as an important barrier to health, as highlighted by focus group participants. A healthy lifestyle greatly impacts the rates of chronic conditions like cardiovascular disease, stroke, and cancer, but is not equally attainable for all residents.”⁴ The report also showed that nearly 10% of Solano County residents have incomes below the Federal Poverty Level.

Specific Populations

Children

Childhood hunger is a critical area to address. According to KidsData and Feeding America, in 2019, 13.3% of households in Solano County included children experiencing food insecurity.⁵ School districts play a significant

Lunch (NSLP and/or School Breakfast Program (SBP); Medicare Part D; Supplement Security Income (SSI); Head Start and/or Early Start; Specialist Supplement Nutrition Program for Women, Infants, and Children (WIC); Section 8 Vouchers; Low-Income Home Energy Assistance Program (LIHEAP); and Pell Grants.

⁵ <https://www.kidsdata.org/topic/764/food-insecurity/table#fmt>

role in preventing childhood hunger with most districts offering free or reduced lunches, and some even providing meals to everyone under the age of 18.⁶ However, according to the Public Policy Institute of California, schools are providing fewer meals than they were prior to the pandemic.⁷ Regardless, school districts typically only provide lunches (some provide breakfast) during the week, leaving children with unreliable sources for breakfast, dinner, and weekend meals.

According to the American Psychological Society, hunger-related toxic stress can negatively affect brain development and ultimately academic achievement in children.⁸ Physically, the American Academy of Pediatrics states children in food insecure homes have higher rates of asthma and symptoms of depression as well as higher rates of emergency department use that follow them into adulthood. They also confirm likely poorer academic performance, poor social outcomes, anxiety, and depression.⁹

Seniors

In March 2022, an American Association of Retired Persons' (AARP) Public Policy Institute report stated that 1 in 12 Americans aged 50 and older experienced food insecurity in 2020.¹⁰ Notably, unlike children, seniors did not experience a drastic increase in food insecurity as a result of the pandemic, likely due to many, if not most, living on fixed retirement incomes. Higher percentages of food insecurity were noticed in seniors with lower levels of educations, lower incomes, and those who were living alone. Seniors may reduce their food consumption due to lack of sufficient income. Additionally, transportation can be an issue, as many seniors may not drive or have vehicles, and public transportation may be challenging for them to use when available.

Physically, food insecurity can be a danger to seniors, as someone who is weak or light-headed due to hunger and lack of nourishment faces an increased risk of falls. Mentally, food insecure seniors may face anxiety and depression.

DISPROPORTIONATELY IMPACTED COMMUNITIES

The ARPA Final Rule provides several acceptable methods to define Disproportionately Impacted Households. These methods are:

1. Households and communities of households with income at or below 185% of the Federal Poverty Guidelines for its household size or at or below 40% of the area median income, whichever is greatest.

For Solano County, these amounts are as follows:

ELIGIBLE INCOME LIMITS – TABLE 2

Household Size	1	2	3	4	5	6	7	8
40% AMI Income Limit	\$ 30,450	\$ 34,775	\$ 39,125	\$ 43,450	\$ 46,950	\$ 50,425	\$ 54,630	\$ 59,165

----------	-----------	-----------	-----------	-----------	-----------	----------	----------	----------

2. Households residing in qualified census tracts; or households that qualify for certain federal benefits¹¹.

The federal government (HUD PD&R) defines a qualified census tract as one where at least 50% of the households have incomes below 60% of the area median income or a poverty rate of 25% or more. According to the HUD PD&R Qualified Census Tract map, there are several qualified census tracts in Fairfield, Vallejo, and Rio Vista. Another alternative is to determine an area broader than a household but smaller than an entire community by comparing the poverty rate for the census tract to the overall poverty rate for the County. Based on data from the 2020 Census, the overall poverty rate in Solano County is 8.9 percent, down from over 12.4 percent in the 2010 Census. While these census tracts and their poverty rates are not detailed in this report, the data is available to further refine communities if so desired.

FUNDING REQUESTS

Below are three unsolicited funding requests from non-profit organizations.

Funding Request #1

Title: Meals on Wheels Expanded Service Center
