### **Introduction**

Please be advised that the County of Solano Solid Waste Local Enforcement Agency (LEA) received and approved a Report of Facility Information (RFI) amendment to the Solid Waste Facility Permit for the Jepson Prairie Organics. The LEA is certified by the California Department of Resources, Recycling and Recovery (CalRecycle) to enforce state laws and regulations at solid waste facilities within the County of Solano.

### **Description of Changes**

The RFI amendment addresses the following changes:

- Include new section on Organic Sampling (SB 1383)
- Update site figures, pond maintenance plan and load check logs.

**LEA's Determination**

Pursuant to Title 27, California Code of Regulations, section 21665(c), the LEA reviewed the application and determined that the proposed changes are consistent with State Minimum Standards, are consistent with all adopted CEQA documents, and does not conflict with the existing Solid Waste Facilities Permit. The LEA approved the amendment on December 4, 2023.
