Re: Solano County Jail Stanton Correctional Facility PREA Audit – Final Report

Sheriff Ferrara:

Correctional Consulting Services LLC conducted a Prison Rape Elimination Act (PREA) audit on the Solano County Jail Stanton Correctional Facility from June 22, 2020 through June 25, 2020. (7) Seven PREA Standard deficiencies were identified and documented in the PREA Audit Interim Summary Report. The deficiencies placed the Solano County Jail Stanton Correctional Facility into the 180-day Corrective Action process which expires on 2/5/2021. The auditor received documentation and additional information by 10/13/2020, which verified compliance with the PREA Standards that required Corrective Action.

PREA Coordinator, Lieutenant Bill Elbert and PREA Compliance Sergeant Joshua Esquibel worked to correct the deficiencies identified during the pre-audit and on-site audit phases. I commend your staff for their professionalism and hard work. The Final Audit Report is attached. The attached Final Audit Report is to be uploaded to the Agency website or made accessible to the public by other means within 90-days of the Agency's receipt of the Final PREA Audit Report.

Should there be any questions or concerns, please feel free to contact me.
