1 SCOPE OF SERVICES

1.1 Overview

The Solano County Administrator's Office is seeking highly-qualified agencies to tackle the issue of homelessness in Solano County.

Through a human service needs assessment process, the Solano County Board of Supervisors identified the top three most pressing needs as follows:

1. Mental Health
2. Housing
3. Homelessness

This assessment resulted in the development of a Community Investment Fund (CIF) with a 3-pronged funding approach. This Request for Proposals (RFP) addresses the implementation of a Transition Age Youth Homeless Grant Program as part of the Deep Investments of the Community Investment Fund. More information on the Human Services Needs Assessment (HSNA) and the development of the CIF, including the full report can be found in Attachment C.

The County Administrator's Office is seeking proposals to support the implementation of a Transition Age Youth (TAY) program that reduces homelessness for TAY in the county with the term of service being approximately June 1, 2021 through June 30, 2023. The amount of funding available to contribute to reducing transition age youth homeless in Solano County through the CIF is \$550,000 over an approximately two-year period (Year 1: \$300,000 available upon contract execution-June 30, 2022; Year 2: \$250,000 available July 1, 2022-June 30-2023). One contract award of up to \$550,000 is available through this RFP. Additional funds may be available Year 1 for housing services for TAY who are on or exiting probation.

No monies from this program may be used to supplant state, county or local general fund monies available to the agency for any purpose. Activities funded under this RFP must be new or enhancements to existing activities.

Non-profit organizations, for-profit organizations, and government entities are eligible to submit proposals. Agencies not traditionally providing services in Solano County are eligible to propose.

1.2 Background

The Solano County Board of Supervisors embarked upon a year-long planning process to identify the most pressing human service needs in the county and created the Community Investment Fund (CIF) to address these needs. The Human Services Needs Assessment (HSNA) planning process included a committee comprised of a group of county department leaders whose mission is connected to serving the citizens of Solano, as well as two Board of Supervisors members. This planning group reviewed community data to identify the largest gaps and need areas in the community. Subsequently, key informant interviews were conducted with a diverse group of community leaders, agencies and community-based organizations who have a big-picture view of the community and its most pressing needs. Finally, the County conducted a community survey, with close to 900 citizens weighing in on the most important needs in the community. The planning group considered all of this information in making a recommendation to the Board of Supervisors that they establish a CIF to address these top needs.

The CIF is a 3-pronged approach to addressing the most pressing human service needs of the county. The CIF is summarized as follows:

\$2,000,000 Community Investment Fund		
Legacy Programs \$450,000 Annually 3 year commitment Addresses many needs	Deep Programs \$1,300,000 Annually 3 year commitment Addresses top 3 needs	One-Time Programs \$250,000 Annually 1 year commitment Addresses top 6 needs

The top three needs, as identified via the community data review, the key informant interviews and the community survey, are as follows out of a scale from 0-3:

Top Priority Human Service Needs in Solano County

This RFP addresses a portion of the \$1.3 million Deep Program Investment to help address the issue of homelessness in the county. As part of the HSNA, it was identified that a key strategy is to “Strengthen capacity to address homelessness.” In 2020, RFP #2020-01 was issued to seek homelessness innovation grants. One proposal was ultimately funded via that grant opportunity to provide rapid rehousing services for unsheltered homelessness. This #2021-01 RFP aims to provide housing and/or services to transition age youth (TAY) homeless, as TAY represent a significant subpopulation of Solano County’s homeless population.

The Point in Time (PIT) Count is the standard federally required measurement of the local and regional homeless population conducted every 2 years across the United States. It is one benchmark for measuring and understanding a community’s homeless population. The 2019 Solano County PIT Count identified 1,151 people as homeless. Of those identified, the PIT Count showed 204 individuals, or 18% of those counted, as being between the ages of 18 and 24. Of the 204 individuals, 17% were sheltered while 83% were unsheltered.

Although the HSNA planning process was conducted to reflect the specific needs of Solano County, the identified priority areas are consistent with housing and homelessness needs that have been identified at both state and national levels. The National Low-Income Housing Coalition indicated, in March 2020, that no state has an adequate supply of affordable rental housing for the lowest income renters. Specific to California and its neighboring states of Oregon, Nevada, and Arizona, all four states reportedly had 30 or fewer rental units per 100 extremely low-income renter households. In California, 22% of renter households were extremely low income, earning 30% or less of the Area Median Income. Locally in Solano County, California Housing Partnership reported consistent data in 2019, suggesting that for the roughly 22,000 extremely-low and very-low income renter households in Solano County, there is a gap of more than 13,800 units.

Housing experts have identified gaps in housing for the lowest of income renters, coupled with increasing costs of housing, as key indicators to increases in homelessness across regions, and expected it would take time for jurisdictions to develop the numbers of units needed to meet gaps identified across studies.

In an effort to support Solano County TAY that are facing homelessness, including those who are experiencing homelessness due to housing insecurity, the CIF is positioned to provide an opportunity to support a homeless program that can support reductions in TAY homelessness.

1.3 Description of Services

Proposals submitted under this RFP must address Transition Age Youth (TAY) homelessness in Solano County following Housing First principles. For purposes of this RFP, TAY is defined as persons ages 18-24. Applicants that can provide either cash or in-kind match that would multiply the impact of the program, as well as applicants that can sustain the program beyond the initial 2-year program via state or federal funding sources are strongly encouraged to apply and will receive additional points for each of these efforts.

Proposers may propose to provide temporary housing and/or permanent housing with supportive services, including education and/or employment services. Alternately, Proposers may propose services only projects, but these must clearly be tied to reducing TAY homelessness through achieving targeted outcomes. Proposers are asked to identify concrete activities/tasks and results which can be quickly scaled up and accomplished within the approximate two-year timeframe of the grant. The successful Proposer will have activities and outcomes related to:

- Both short and long-term housing stability
- Education and/or employment
- Other related outcomes, such as connection to resources, mental health, physical health, independent living skills, etc.

Proposers may choose to focus on one or more subpopulations of TAY, such as youth in or exiting probation, former foster youth, or LGBTQIA+, or all TAY who are homeless or at-risk of homelessness. Should proposers provide services specifically targeting TAY in or exiting probation, up to \$92,000 additional funding may be available in Year 1 for finding and maintaining housing for TAY referred by Solano County Probation. This will be determined and negotiated during contract negotiations if appropriate and at the sole discretion of the County.

Requirements of the project include:

- 1) Must receive referrals from Resource Connect Solano, the local Coordinated Entry Intake process for homeless individuals. May also receive referrals from other sources, such as Solano County Probation, Solano County Child Welfare, or other services that identify TAY within the proposed target population.
- 2) Must participate in the local Continuum of Care (CoC), Housing First Solano, by having an agency representative attend monthly CoC general membership meetings to build partnerships with local homeless services providers, such as Solano County Health & Social Services Navigators and Community Integration Team, and city homeless outreach teams.
- 3) Projects providing short- or long-term housing must track clients and services through the local Homeless Management Information System (HMIS) on a real-time basis. An annual license for HMIS currently costs approximately \$480 and may be built into the program budget as a part of the proposal. Services only projects may utilize any database to track data and services, including HMIS.
- 4) Must enter Performance Measures and invoices in a database selected by County. The current database for Performance Measures and invoices is Persimmony.

Agencies may submit one Proposal for up to \$550,000 for approximately two years. Only one Proposal per agency will be considered. Should an agency submit more than one proposal, the first proposal submitted will be the one evaluated, unless specifically withdrawn in writing.

1.4 Funding Availability

Funding is available through this RFP in one grant of up to \$550,000 over a two-year period with the term of service being approximately June 1, 2021 through June 30, 2023. Funding per year is available as follows:

- Year 1: \$300,000 from contract execution (approximately June 1, 2021) – June 30, 2022
- Year 2: \$250,000 from July 1, 2022 – June 30, 2023

Up to \$92,000 additional funding may be available in Year 1 for finding and maintaining housing for TAY referred by Solano County Probation. This will be determined and negotiated during contract negotiations if appropriate and at the sole discretion of the County.

No monies from this program may be used to supplant state, county or local general fund monies available to the agency for any purpose. Activities funded under this RFP must be new or enhancements to existing activities.

Final selection is at the sole discretion of the Solano County Board of Supervisors or its designee, which reserves the right to reject any or all Proposals, or to make no selection based on this RFP.

4.4 Best Value

Solano County will select the proposal(s) that presents the best value and is most advantageous to the County and the public. Accordingly, County may not necessarily award the Proposer with the lowest price proposal if doing so would not be in the overall best interest of the County. Solano County reserves the right to expand or reduce the proposed scope of work during the contracting process based on budget constraints and to award to single or multiple Proposers.

5 CONTRACT INFORMATION

5.1 Contract Qualifications

Complete a statement of acknowledgment (Attachment A-Proposal form, page 1) that the Proposer has reviewed the Proposed Solano County Standard Contract (Attachment B) and has accepted it with or without qualification. If the Proposer makes qualifications, those qualifications must be identified and

listed along with suggested modifications to the contract. (Note: Contract Exhibits A and B - the scope of work and budget - will be finalized during the contracting process.) If the Proposer makes no qualifications to the Standard Contract, including its exhibits, then it shall be deemed that the Proposer accepts these items without reservation or any qualifications.

5.2 Contract Term/Duration

A contract that results from this RFP may be awarded for up to 2 years and one month (approximately June 1, 2021-June 30, 2023).

Note: The timeframe above is estimated. The award of funds does not authorize work to begin. Contracts must be fully executed before services can begin. Services cannot begin prior to the contracted start date.

5.3 Funding and Payment Structure

As described in Section 1.4, one grant is available through this RFP in the amount of \$550,000 total: \$300,000 for Year 1 (approximately June 1, 2021- June 30, 2022) and \$250,000 for year 2 (July 1, 2022 – June 30, 2023).

The contract to be negotiated will be a cost reimbursable contract, unless another methodology is requested in the Proposal and accepted by Solano County during contract negotiations. Funding will be negotiated and allocated based on the proposal submitted, and reimbursement for the program/services will be based on actual costs incurred. All costs such as personnel, subcontractors, operating expenses and indirect costs must be reflected in the proposed budget.

5.4 Budget Definitions

A. Personnel Costs must include positions, salary, and "FTE" (actual percentage of time devoted to the project) for each position. Salary and fringe benefits must be pro-rated for non-full-time employees, if agency provides fringe benefits to part time employees. Salaries are fixed compensation for services performed by staff that are directly employed by the Proposer and are paid for on a regular basis. Employee benefits and employer payroll taxes include employer's contributions or expenses for social security, employee's life and health insurance plans, unemployment insurance, pension plans, and other similar expenses. These expenses are allowable when they are included in the contract and are in accordance with the agency's approved written policies.

B. Salaries and Benefits of personnel involved in more than one program must be charged to each program based on the actual percentage of time spent on each program. The annualized actual percentage charged for a particular position (e.g., Project Director) cannot exceed the annual percentage approved in the award. Similarly, the dollar amount charged for a particular position also must not exceed the dollar amount in the approved award. Functional timesheets or an allocation plan must be maintained which support the time charged.

C. Operating Expenses are defined as necessary expenditures exclusive of personnel salaries, benefits and equipment. Such expenses include specific items directly charged to the project. The expenses must be program-related (i.e., to further the program objectives) and be incurred during the grant period. County reserves the right to make the final determination if an operating expense is allowable and necessary.

D. Indirect costs are shared costs that cannot be directly assigned to a particular activity but are necessary to the operation of the Agency and the performance of the program. The costs of operating and maintaining facilities, accounting services and administrative salaries are examples of indirect costs. For this program, indirect costs cannot exceed 15% of the total of Salaries and Benefits, and Operating Expenses.

5.5 Contract Award Process

- A. After the evaluation of Proposals and final consideration of all pertinent information available, Solano County will either reject all proposals or issue a written notice of intent to award. The notice shall not create rights, interests, or claims of entitlement in the apparent best evaluated proposers.
- B. This RFP, its attachments, submitted questions and their answerers, and the proposals shall be incorporated into the final contract.
- C. The apparent best evaluated Proposers should be prepared to enter into a contract with Solano County which shall be substantially the same as the Standard Contract included in Attachment B to this RFP. Notwithstanding this, Solano County reserves the right to add terms and conditions, deemed to be in the best interest of the County, during final contract negotiations.
- D. Contracts must be fully executed before services can begin. Services cannot begin prior to the contracted start date.
- E. If a Proposer fails to sign and return the contract drawn pursuant to this RFP and final contract negotiations within 14 days of its delivery to the proposer, Solano County may cancel the award and award the contract to the next best evaluated proposer.

6

- C. Solano County reserves the right, in its sole discretion, to waive variances in Proposals provided such action is in the best interest of County. Where Solano County waives minor variances in Proposals, such waiver does not modify the RFP requirements or excuse the Proposer from full compliance with the RFP. Notwithstanding any minor variance, Solano County may hold any Proposal to strict compliance with the RFP.

6.4 Confidentiality

Solano County will retain a master copy of each response to this RFP, which responses will become a public record after the award of a contract unless the qualifications or specific parts of the qualifications can be shown to be exempt by law under Government Code section 6250 et seq. The failure to have so labeled any information shall constitute a complete waiver of all claims for damages caused by any release of the information. If a public records request for labeled information is received by the County, the County will notify the Proposer of the request and delay access to the material until 7 working days after notification to the Proposer. Within that time delay, it will be the Proposer's duty to act in protection of its labeled information. Failure to so act shall constitute a complete waiver.

6.5 Reservation of Rights

- F. Solano County reserves the right to cancel any award and re-solicit bids in the event services cannot commence with ten (10) days after the specified date for start of work.
- G. Solano County reserves the right to reject any and all proposals considered not to be in the best interest of Solano County.
- H. Solano County reserves the right to waive any and all minor irregularities in bids.
