

COUNTY OF SOLANO

PUBLIC HEALTH NURSE MANAGER

Rev: 3/06

DEFINITION

Plans, organizes and oversees the work of professional staff engaged in one or more public health programs; assists in the formulation of policies and procedures; supervises and serves as a consulting resource for a large staff involved in providing health, social and mental health services; serves as a member of the department's management/supervisory team.

CLASS CHARACTERISTICS

This management level class is characterized by the responsibility for developing and managing multiple health services programs. Incumbents assist in the formulation of goals, objectives, policies, and procedures and assume significant responsibility for the preparation and administration of assigned budgets. Employees in this class ensure that assigned activities are completed in a timely and efficient manner consistent with defined policies and regulations. This class is distinguished from the Public Health Nurse (Senior) in that the latter participates in the work of and provides oversight for one or more sections within the Public Health Nurse Manager's unit. It is further distinguished from the Nursing Services Director in that the latter is responsible for the overall operation of the Nursing Division of the Health Department.

SUPERVISION RECEIVED AND EXERCISED
