

# FAMILY SUPPORT GROUP

Helping adult-aged loved ones challenged with a mental health diagnosis?

**YOU ARE NOT ALONE**

These Groups can provide emotional support and encouragement to our families who have an adult aged loved one with a mental health diagnosis. They provide an environment where family members can come together to share in a confidential manner covering a variety of topics.

They are a safe place to laugh, cry, and connect with others.

**MOST IMPORTANTLY, THEY ARE A PLACE WHERE FAMILIES DISCOVER THEY ARE *NOT ALONE*.**

Choose a weekly location and time that is right for you.
