Solano County Environmental Health Division shall be contacted immediately when:

- Any sample result is positive for E. coli
- Any repeat sample is positive for Total Coliform

NOTIFICATION PLAN

Include a written description of the method or combination of methods to be used (radio, television, door-to-door, sound truck, etc.) to notify customers in an emergency on the second page of this form. For each section of your plan give an estimate of the time required, necessary personnel, estimated coverage, etc. Consideration must be given to special organizations (such as schools), non-English speaking groups, and outlying water users. Ensure that the notification procedures you describe are practical and that you will be able to actually implement them in the event of an emergency. Examples of notification plans are attached.
