

## DID YOU KNOW?

**Solano County takes Medi-Cal and County Medical Services Program (CMSP) applications 24 hours per day, 7 days per week by fax.**

You or your doctor can apply by fax.

**Fax** your application to the Solano County H&SS Records section at 707-553-5408 in Vallejo

## WHY IS THIS IMPORTANT?

**CMSP only starts in the month that you apply. If you did not apply in the month of your medical emergency, you may apply for the Solano County Residual Medical Program (CRMP).**

CRMP will pay for certain medical bills in the past month prior to your CMSP application if you qualify for this program\*

- ✓ You must be a low-income legal Solano County resident.
- ✓ You must have gotten medical treatment for severe symptoms that if not treated would have been life threatening or disabling.
- ✓ You must have a good reason for why you could not apply in the month you first got medical treatment. An example of a good reason is you were in a come.

## DON'T WAIT

**FAX EARLY BEFORE YOU NEED EXTRA HELP.**

\*CRMP will only pay medical providers that have an agreement with Solano County. You can get a list of CRMP providers by calling 2-1-1.
