**EVALUATION AND SELECTION PROCESS**

A Consultant Selection Committee consisting of County staff will review and rank all proposals received. The County will attempt to negotiate an agreement with the top ranked Consultant. If a satisfactory agreement cannot be reached, negotiations will be initiated with the second ranked firm. This process will be repeated, if necessary, with lower-ranked Consultants until a tentative agreement is reached. This agreement will then be presented to the County's Director of Resource Management with a recommendation for approval. The final decision on selection of a Consultant and execution of a contract rests with the Director of Resource Management.

The County's goal is to select the firm that will provide a high quality of work at a reasonable cost. While cost will be a consideration, this is not a competitive bid process. The successful

applicant will be selected based on the experience and capabilities of the firm, the quality of relevant work performed in the past, the capability of the team proposed, and compliance with the requirements and purposes of the County Equal Opportunity in Contracts Policy.

All proposals shall become the property of the County upon submission. The County assumes no liability or responsibility in the preparation or submission of any proposal, and such submission shall be at no cost to the County.

**PROPOSED SCHEDULE**

**EXHIBIT A**  
**SCOPE OF WORK**

**CONTRACTOR SHALL BE RESPONSIBLE FOR THE FOLLOWING DUTIES:**

The Contractor shall provide qualified staff with traffic data collection expertise and knowledge of the California Vehicle Code and California Manual on Uniform Traffic Control Devices to collect the following traffic data and provide data reports to the County:

- Traffic volumes (ADT) – 1 day, 3 day or 7 day;
- Traffic volumes (ADT) with vehicle classification and speed – 1 day, 3 day or 7 day;
- Peak hour intersection turning movement counts;
- Vehicle classification data;
- Pedestrian & bicycle counts;
- Radar speed surveys;
- Other traffic data collection, as requested by the County.

**Radar Speed Data Requirements**

Radar speed data collected and provided to the County under this agreement will be used for various purposes including the preparation of Engineering & Traffic Surveys for the establishment of speed limits for enforcement in accordance with the California Vehicle Code and California Manual on Uniform Traffic Control Devices (CAMUTCD). As such, the data and data collection methods must conform to the minimum standards established in CA MUTCD. These requirements include, but are not limited to the following:

- The intent of the speed measurements is to determine the actual speed of unimpeded traffic. The speed of traffic should not be altered by concentrated law enforcement, or other means, just prior to or while taking the measurements.
- Only one person is required for the field work. Speeds should be read directly from a radar unit.
- A location should be selected where prevailing speeds are representative of the entire speed zone segment. Locations of measurements should be chosen so as to minimize the effects of traffic signals or stop signs.
- Speed measurements should be taken during off-peak hours between peak traffic periods on Tuesdays, Wednesdays or Thursdays. Speed measurements should not be collected during holiday weeks.
- If there is difficulty in obtaining the desired radar speed quantities, speed measurements may be taken during any period with free-flowing traffic.
- The weather should be fair (dry pavement) with no unusual conditions prevailing.
- The surveyor and equipment should not affect the traffic speeds. For this reason, an unmarked vehicle shall be used and the radar speed measurement device should be located as inconspicuously as possible.
- At the conclusion of the radar survey, a letter certifying that “The radar used to measure the speeds for the survey meets or exceeds the minimum operational standards of the National Highway Safety Administration and has been calibrated within three (3) years of the date the radar survey was conducted” shall be provided to the County on company letterhead.

- Copies of the latest radar equipment calibration certification and FCC license for each radar unit shall be provided to the County.
- A copy of the radar operator's latest radar equipment operator's certification validating completion of a minimum of 24-hour course of radar training prior to the commencement of radar surveys shall be provided to the County.
- In addition to the speed data, other information describing roadway conditions at the time of the speed survey must be recorded and provided to the County in the speed survey report.

**COUNTY SHALL BE RESPONSIBLE FOR THE FOLLOWING:**

1. Provide Contractor with documents to be used for development of Task Order Scope of Work and Task Order Cost Proposals.

**EXHIBIT B**  
**BUDGET DETAIL AND PAYMENT PROVISIONS**

The contractor will be compensated for services included in the Contract and at the rates and/or costs included in the Contract.

Task Orders may include reasonable travel reimbursement payable upon submission of a detailed invoice indicating dates and purpose of travel. Mileage reimbursement shall be calculated using current IRS rates.

**2. METHOD OF PAYMENT**

Upon submission of an invoice by Contractor, and upon approval of County's representative, County shall, within thirty days of receipt, pay Contractor in arrears for costs and expenses incurred the prior month, up to the maximum amount provided for on the Standard Contract. Each invoice must specify services rendered, to whom, date of service and the accrued charges.

**EXHIBIT C**  
**GENERAL TERMS AND CONDITIONS**

**1. CLOSING OUT**

A. County will pay Contractor's final request for payment providing Contractor has paid all financial obligations undertaken pursuant to this Contract or any other contract and/or obligation that Contractor may have with the County. If Contractor has failed to pay any obligations outstanding, County will withhold from Contractor's final request for payment the amount of such outstanding financial obligations owed by Contractor. Contractor is responsible for County's receipt of a final request for payment 30 days after termination of this Contract.

B. A final undisputed invoice shall be submitted for payment no later than ninety (90) calendar days following the expiration or termination of this Contract, unless a later or alternate deadline is agreed to in writing by the County. The final invoice must be clearly marked "FINAL INVOICE", thus indicating that all payment obligations of the County under this Contract have ceased and that no further payments are due or outstanding.

C. The County may, at its discretion, choose not to honor any delinquent final invoice if the Contractor fails to obtain prior written approval of an alternate final invoice submission deadline. Written County approval for an alternate final invoice submission deadline shall be sought from the County prior to the expiration or termination of this Contract.

**2. TIME**

Time is of the essence in all terms and conditions of this Contract.

**4. TERMINATION**

A. This Contract may be terminated by County or Contractor, at any time, with or without cause, upon 30 days' written notice from one to the other.

B. County may terminate this Contract immediately upon notice of Contractor's malfeasance.

C. Following termination, County will reimburse Contractor for all expenditures made in good faith that are unpaid at the time of termination not to exceed the maximum amount payable under this Contract unless Contractor is in default of this Contract.

**5. SIGNATURE AUTHORITY**

The parties executing this Contract certify that they have the proper authority to bind their respective entities to all terms and conditions set forth in this Contract.

**6. REPRESENTATIONS**

A. County relies upon Contractor's professional ability and training as a material inducement to enter into this Contract. Contractor represents that Contractor will perform the work according to generally accepted professional practices and standards and the requirements of applicable federal, state and local laws. County's acceptance of Contractor's work shall not constitute a waiver or release of Contractor from professional responsibility.

B. Contractor further represents that Contractor possesses current valid appropriate licensure, including, but not limited to, driver's license, professional license, certificate of tax-exempt status, or permits, required to perform the work under this Contract.

**7. INSURANCE**

A. Without limiting Contractor's obligation to indemnify County, Contractor must procure and maintain for the duration of the Contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work under this Contract and the results of that work by Contractor, Contractor's agents, representatives, employees or subcontractors.

B. Minimum Scope of Insurance

Coverage must be at least as broad as:

- (1) Insurance Services Office Commercial General Liability coverage (occurrence Form CG 00 01).

If Commercial General Liability<br>insurance or other form with a general<br>aggregate limit is used, either the general<br>aggregate limit shall apply separately to this<br>project/location or the general aggregate limit<br>shall be twice the required occurrence limit. |

D. Additional Insurance Coverage

To the extent coverage is applicable to Contractor's services under this Contract, Contractor must maintain the following insurance coverage:

- (1) Cyber Liability: **\$1,000,000** per incident with the aggregate limit twice the required limit to cover the full replacement value of damage to, alteration of, loss of, or destruction of electronic data and/or information property of the County that will be in the care, custody or control of Contractor under this Contract.
- (2) Professional Liability: **\$2,000,000** combined single limit per claim and in the aggregate. The policy shall remain in full force and effect for no less than 5 years following the completion of work under this Contract.

E. If Contractor maintains higher limits than the minimums shown above, County is entitled to coverage for the higher limits maintained by Contractor. Any insurance proceeds in excess of the specified limits and coverage required, which are applicable to a given loss, shall be available to the County. No representation is made that the minimums shown above are sufficient to cover the indemnity or other obligations of the Contractor under this Contract.

F. Deductibles and Self-Insured Retentions

Any deductibles or self-insured retentions must be declared to and approved by County. At the option of County, either:

- (1) The insurer will reduce or eliminate such deductibles or self-insured retentions with respect to County, its officers, officials, agents, employees and volunteers; or
- (2) Contractor must provide a financial guarantee satisfactory to County guaranteeing payment of losses and related investigations, claim administration, and defense expenses.

G. Other Insurance Provisions

(1) The general liability and automobile liability policies must contain, or be endorsed to contain, the following provisions:

- (a) The County of Solano, its officers, officials, agents, employees, and volunteers must be included as additional insureds with respect to liability arising out of automobiles owned, leased, hired or borrowed by or on behalf of Contractor; and with respect to liability arising out of work or operations performed by or on behalf of Contractor including materials, parts or equipment furnished in connection with such work or operations. General Liability coverage shall be provided in the form of an Additional Insured endorsement (CG 20 10 11 85 or both CG 20 10 and CG 20 37 if later ISO revisions are used or the equivalent) to Contractor's insurance policy, or as a separate owner's policy. The insurance afforded to the additional insureds shall be at least as broad as that afforded to the first named insured.

(b) For any claims related to work performed under this Contract, Contractor's insurance coverage must be primary insurance with respect to the County of Solano, its officers, officials, agents, employees, and volunteers. Any insurance maintained by County, its officers, officials, agents, employees, or volunteers is excess of Contractor's insurance and shall not contribute to it.

(2) If Contractor's services are technologically related, Professional Liability coverage shall include, but not be limited to claims involving infringement of intellectual property, copyright, trademark, invasion of privacy violations, information theft, release of private information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to such obligations. The policy shall also include, or be endorsed to include, property damage liability coverage for damage to, alteration of, loss of, or destruction of electronic data and/or information "property" of the County in the care, custody, or control of the Contractor. If not covered under the Contractor's Professional Liability policy, such "property" coverage of the County may be endorsed onto the Contractor's Cyber Liability Policy.

(3) Should any of the above described policies be cancelled prior to the policies' expiration date, Contractor agrees that notice of cancellation will be delivered in accordance with the policy provisions.

#### H. Waiver of Subrogation

(1) Contractor agrees to waive subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation.

(2) The Workers' Compensation policy must be endorsed with a waiver of subrogation in favor of County for all work performed by Contractor, its employees, agents and subcontractors.

(2) The endorsements should be on forms provided by County or, if on other than County's forms, must conform to County's requirements and be acceptable to County.

(3) County must receive and approve all certificates and endorsements before work commences.

(4) However, failure to provide the required certificates and endorsements shall not operate as a waiver of these insurance requirements.

(5) County reserves the right to require complete, certified copies of all required insurance policies, including endorsements affecting the coverage described above at any time.

### 8. BEST EFFORTS

Contractor represents that Contractor will at all times faithfully, industriously and to the best of

its ability, experience and talent, perform to County's reasonable satisfaction.

If Contractor fails to cure a default within 30 days after notification, or if the default requires more than 30 days to cure and Contractor fails to commence to cure the default within 30 days after notification, then Contractor's failure shall constitute cause for termination of this Contract.

B. If Contractor fails to cure default within the specified period of time, County may elect to cure the default and any expense incurred shall be payable by Contractor to County. The contract may be terminated at County's sole discretion.

C. If County serves Contractor with a notice of default and Contractor fails to cure the default, Contractor waives any further notice of termination of this Contract.

## 10. INDEMNIFICATION

A. Contractor will indemnify, hold harmless and assume the defense of the County of Solano, its officers, employees, agents and elective and appointive boards from all claims, losses, damages, including property damages, personal injury, death and liability of every kind, directly or indirectly arising from Contractor's operations or from any persons directly or indirectly employed by, or acting as agent for, Contractor, excepting the sole negligence or willful misconduct of the County of Solano. This indemnification shall extend to claims, losses, damages, injury and liability for injuries occurring after completion of Contractor's services, as well as during the progress of rendering such services.

B. Acceptance of insurance required by this Contract does not relieve Contractor from liability under this indemnification clause. This indemnification clause shall apply to all damages or claims for damages suffered by Contractor's operations regardless if any insurance is applicable or not.

## 11. INDEPENDENT CONTRACTOR

A. Contractor is an independent contractor and not an agent, officer or employee of County. County except as to the final result contracted for under this Contract. County may not require Contractor to change Contractor's manner of doing business, but may require redirection of efforts to fulfill this Contract.

F. Contractor may provide services to others during the same period Contractor provides service to County under this Contract.

G. Any third persons employed by Contractor shall be under Contractor's exclusive direction, supervision and control. Contractor shall determine all conditions of employment including hours, wages, working conditions, discipline, hiring and discharging or any other condition of employment.

H. As an independent contractor, Contractor shall indemnify and hold County harmless from any claims that may be made against County based on any contention by a third party that an employer-employee relationship exists under this Contract.

I. Contractor, with full knowledge and understanding of the foregoing, freely, knowingly, willingly and voluntarily waives the right to assert any claim to any right or benefit or term or condition of employment insofar as they may be related to or arise from compensation paid hereunder.

## 12. RESPONSIBILITIES OF CONTRACTOR

A. The parties understand and agree that Contractor possesses the requisite skills necessary to perform the work under this Contract and County relies upon such skills. Contractor pledges to perform the work skillfully and professionally. County's acceptance of Contractor's work does not constitute a release of Contractor from professional responsibility.

B. Contractor verifies that Contractor has reviewed the scope of work to be performed under this Contract and agrees that in Contractor's professional judgment, the work can and shall be completed for costs within the maximum amount set forth in this Contract.

C. To fully comply with the terms and conditions of this Contract, Contractor shall:

(1) Establish and maintain a system of accounts for budgeted funds that complies with generally accepted accounting principles for government agencies;
