Consumer Perception Survey 2022 - Adult

In accordance with Department of Mental Health, the Solano Behavioral Health Plan (BHP) administered Consumer Perception Surveys from May 16th - 20th, 2022. Surveys were available to all consumers that came into clinic and contractor locations for a service during this time. Completed surveys were collected and then were submitted to the Department of Mental Health.

The goal of this survey was to collect data for reporting on the federally determined National Outcome Measures (NOMs). Reporting on these NOMs are required by the Substance Abuse Mental Health Services Administration (SAMHSA), and receipt of federal Community Mental Health Services Block Grant (MHBG) funding was contingent on the submission of this data.
