

Paramedic Preceptor Designation/Redesignation **Frequently Asked Questions**

You must be a Solano County Accredited Paramedic to be eligible for Paramedic Preceptor Designation. Paramedic Preceptor Designation runs concurrent with your Solano County Paramedic Accreditation.

Initial Paramedic Preceptor Designation

Submit the following documents to EMSDocuments@solanocounty.com:

- Letter from the paramedic's employer recommending them for preceptor designation and that they meet the requirements of a preceptor per policy and their years of experience in Solano County or another 911 system
- Copy of current County Paramedic Accreditation card
- Copy of basic Preceptor Training Workshop completed within the last three months

Paramedic Preceptor Redesignation

To renew your Paramedic Preceptor Designation, you will need to submit the following:

- Paramedic Preceptor Designation renewal application when filing for Paramedic Reaccreditation

On the application, please list the names of the Paramedics you have precepted during the last accreditation cycle or any EMS related courses you have instructed. If you have not done either of these in the last accreditation cycle, submit proof of completion of a Preceptor Training Workshop within the last accreditation cycle.

If you do not file a Paramedic Preceptor renewal application at the time of Paramedic reaccreditation, or do not meet the requirements, your Paramedic Preceptor designation will be forfeited and you will need to reapply for initial designation at a later time.
