Administrative Permit Overview

PURPOSE

For some uses allowed by right within a zoning district, the Zoning Regulations require issuance of an administrative permit prior to development or operation of the use. The purpose of an administrative permit is to ensure that all standards and requirements for the use, as described in the Zoning Ordinance or elsewhere in the County Code, are met prior to commencement of the use and will continue to be met during operation of the use.

ACTION

The Director of Resource Management shall administratively approve an application for an administrative permit if all standards and requirements specified within the Zoning Regulations and elsewhere in the County Code are satisfied. Action on an administrative permit is ministerial and shall be taken without notice or public hearing.
