Dear Mr. and Ms. Property Owner:

Based upon the information contained in the Preliminary Site Assessment Report provided by you and/or your consultant and with the provision that the information you provided to this agency is accurate and representative of site conditions, we do not require any further assessment or remedial actions pursuant to Chapter 6.9.1 of the California Health and Safety Code. This notice confirms the completion of the site investigation and remediation for the contamination resulting from methamphetamine activities at the above address.

Please be advised that this determination does not relieve you any liability under the California Health and Safety Code regarding the present or future methamphetamine laboratory activities at this site. This determination also does not relieve you of the responsibility to correct additional, existing, or previously unidentified conditions at the site that have been or may be documented by any other agency.

If questions or concerns arise, please contact me or my hazardous materials staff at (707) 784-6765.

Sincerely,
