

Exhibit B, Appendix A – Low Risk Activity- Golf Courses

All golf courses in the County may be opened for limited use. Golf may resume on all golf courses with groups of no more than four persons subject to full compliance with the requirements for golf courses and driving ranges:

- a. The owner or manager of each golfing site shall provide security or patrolling to ensure golfers' compliance with the all requirements of this Order.
- b. A minimum 6-foot distance shall be maintained between all persons unless from the same household.
- c. No shared equipment.
- d. Walking or single rider carts (unless same household). If rented drive or push/pull carts are used, then they shall be cleaned and sanitized after each use by an assigned employee.
- e. No tournament style events that involve the gathering of spectators. Tournament style events involving charitable activities or golf associations are allowed provide such events follow these guidelines and are held without spectators. Tournament score cards may be used but must be submitted in such a manner that limits contact with the cards themselves.
- f. No private lessons, group instruction or clinics.
- g. No privately-owned golf club cleaning by employees is allowed.
- h. Check in for round must require no physical interaction with golf site staff, who must stay six feet or more from golfers.
- i. All hand towels, ice chests with water, seed/sand bottles, on-course bunker rakes, ball washers, community tees, scorecards and pencils, and all on-course water stations shall be removed.
- j. Cover cups, or create a barrier, including lifting the cup 1" above the putting surface to ensure that the ball cannot be holed.
- k. Flag sticks must be removed or cups must be adjusted to prevent the ball from being holed or a mechanism, device or other apparatus must be installed to allow removal of a cupped ball without touching the flag or cup.
- l. Driving Range Restrictions:
 1. Hitting stations will be a minimum of six feet apart.
 2. Balls will be thoroughly cleaned with soap, bleach or disinfectant after each pick of the range and before they are placed back on the range.
 3. All range staff attendants must wear gloves and are strongly urged to wear cloth face coverings.
 4. Golf clubs, range buckets, and any other shared equipment must be cleaned and sanitized after each golfer use.
- m. Post, in areas visible to all workers, required hygienic practices including not touching face with unwashed hands or with gloves; washing hands with soap and water for at least 20 seconds; use of hand sanitizer with at least 60% alcohol, cleaning and disinfecting frequently touched objects and surfaces such as workstations, keyboards, telephones, handrails, machines, shared tools, and doorknobs; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC.
- n. A sign is placed at each entrance to the pro shop, locker room, dining area, and other relevant buildings to inform all employees and golfers that they should:
 1. Avoid entering the facility if they feel sick, or have a cough or fever
 2. Maintain a minimum six-foot distance from anyone who is not a household member;
 3. Sneeze and cough into a cloth or tissue or, if not available, into one's elbow
 4. Not shake hands or engage in any unnecessary physical contact; and
 5. Wearing a face covering is strongly recommended.
- o. Dining areas may only remain open for grab-and-go food service or delivery.

- p. Golfers must leave the property immediately after playing to eliminate congestion.
- q. The number of customers in the pro shop at any one time shall be limited and monitored so that customers and employees may easily maintain at least six-foot distance from one another at all practicable times.
- r. The number of golfers in the locker room at any one time shall be limited and monitored to allow for users to easily maintain at least six-foot distance from one another at all practicable times.
- s. Golf courses and driving ranges shall designate a site-specific COVID-19 supervisor to enforce these requirements. The designated COVID-19 supervisor shall be present on site at all times during golfing activities. The COVID19 supervisor can be an on-site worker who is designated to carry this role.

Exhibit B, Appendix A-1: Low Risk Activity - Fitness Facilities

On June 5, 2020 the State released Industry Guidance for Fitness Centers and it is prudent given current local conditions and disease epidemiology for them to be allowed to operate. Prior to re-opening the operator must ensure that their fitness facility is clean and ready for customers by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, laundering, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all employee and customer areas and equipment.
 4. Sanitation and disinfecting supplies, including sanitizing wipes and hand sanitizer, are provided at various locations throughout the fitness facility for employees and patrons with attention to entrances and exits, counter areas, and work out equipment and rooms.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Fitness Facilities](https://covid19.ca.gov/pdf/guidance-fitness.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-fitness.pdf>.
- C. Implement the Industry Guidance criteria applicable to the fitness center. This includes employee training, employee and patron health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where workers cannot maintain six feet from customers, increased cleaning and sanitation, and other applicable guidance criteria.
- D. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the fitness center. Cross out those bullet points and associated paragraphs that are not applicable. Attach the completed [Industry Guidance](#) and any other site specific protocols to meet the Industry Guidance or this Order to the cover sheet in Attachment A-1A. This will be the written plan for social distancing (Written Plan) for the fitness center.
- E. Designate a COVID-19 supervisor to ensure the implementation of the fitness center's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the fitness center is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts.
- F. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 - a. A sign stating that the fitness center has a Written Plan available for review and stating the name and phone number of a person at the fitness center who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 - b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations within the fitness center, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds;

cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.

- G. Provide a copy of the Plan to all employees and have the plan available to the public upon request for their review.
- H. The fitness center may re-open once all criteria in this section are completed.

Written Plan for Social Distancing (Written Plan)
for Fitness Centers**

Business name:

Facility Address:

Number of customers allowed into fitness center at one time:

California Guidance for Fitness Centers:

This Written Plan meets guidance from California's [COVID-19 INDUSTRY GUIDANCE: Fitness Facilities](#) (Industry Guidance) applicable to the type of service provided by this facility. The [Industry Guidance](#) showing the applicable protections being implemented at this fitness center is attached.

Signage and Availability of Written Plan:

Signs are posted at or near the entrance doors readily visible to employees and the public that a [Written Plan](#) is available upon request and providing [general precautions](#) to prevent the spread of COVID-19 to be consider before or upon entering the facility.

Signs are posted throughout the facility in a manner readily visible to workers and customers reminding them of the [general practices](#) to help reduce the risk of spreading COVID-19.

A copy of the Written Plan is readily available to the public upon request.

Measures to Ensure Compliance to Protocol:

A COVID-19 Supervisor, who can be an on-site employee, is designated for all periods the fitness center is operating to ensure compliance with this protocol.

A copy of this Written Plan has been provided to all employees and all employees have received training on the plan.

* Any additional measures not included here or in the Industry Guidance should be listed on separate pages and attached to this document.

You may contact the following person with any questions or comments about this protocol:

Name:

Phone number:

Attach a check marked copy of the [COVID-19 INDUSTRY GUIDANCE: Fitness Facilities](#).

Exhibit B, Appendix A-2: Low Risk Activity – Museums, Galleries, Zoos, and Aquariums

On June 5, 2020 the State released Industry Guidance for Museums, Galleries, Zoos, and Aquariums and current local conditions and disease epidemiology related to COVID19 support allowing these facilities to operate. The State's guidance is not intended for amusement, theme, or water parks. However, museums, galleries, zoos, and aquariums located within such facilities may operate while the remainder of attractions at the amusement, theme, or water parks are closed.

Prior to re-opening the operator must ensure that their facility is clean and ready for customers by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, laundering, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all employee and customer areas, and display and exhibit touch points.
 4. Sanitation and disinfecting supplies, including sanitizing wipes and hand sanitizer, are provided at various locations throughout the facility for employees and customers with attention to entrances and exits, counter areas, seating areas, exhibits, and displays.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Museums, Galleries, Zoos, and Aquariums](#)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-zoos-museums.pdf>.
- C. Implement the [Industry Guidance](#) criteria applicable to the facility. This includes employee training, employee and patron health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where workers cannot maintain six feet from customers, increased cleaning and sanitation, customer health screening and facial covering recommendations, and other applicable guidance criteria.
- D. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the facility. Cross out those bullet points and associated paragraphs that are not applicable. Attach the completed [Industry Guidance](#) and any other site specific criteria to meet the Industry Guidance or this Order to the cover sheet in Attachment A-2A. This will be the written plan for social distancing (Written Plan) for the facility.
- E. Designate a COVID-19 supervisor to ensure the implementation of the facilities Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or zones within the facility. However, if multiple COVID-19 supervisors are designated, then only one shall be responsible for the overall facility compliance with the Written Plan.
- F. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 - a. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of an on-site person who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.

- b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations throughout the facility, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- G. Provide a copy of the Written Plan to all employees and have the plan available to the public upon request for their review.
- H. The museum, gallery, zoo, or aquarium may re-open once all criteria in this section are completed.

Once open, the museum, gallery, zoo, or aquarium must abide by all applicable [Industry Guidance](#) requirements, requirements of this Order, and the Written Plan.

Exhibit B, Appendix A-3: Low Risk Activity – Family Entertainment Centers and Movie Theaters

On June 8, 2020 the State released amended Industry Guidance for Family Entertainment Centers to add movie theaters. Current local conditions and disease epidemiology related to COVID-19 continue to support allowing these centers to operate in accordance with the State's guidance. The State's guidance is not intended for the following:

- ice rinks, roller rinks, laser tag arenas, etc., where guests are less able to maintain physical distancing of at least six feet, where a central part of the activity is circulating in shared space, and which can accommodate a large number of guests who are mainly from different households.
- amusement, theme, or water parks; however, these types of parks that have stand-alone bowling alleys, miniature golf, arcades, etc., may open those operations provided they adhere to applicable state and local guidance and keep other attractions closed including amusement park rides.

The state's guidance also provides that family entertainment centers should discontinue demonstrations, such as magic, live animal shows etc. unless physical distancing and sanitation protocols can be met. Convention space, rentable meeting rooms, and other areas for private events such as birthday parties, etc., should also be kept closed until such activities are allowed to resume modified or full operation through a specific reopening order and additional state guidance being issued. The state's guidance also requires closure ball pits, foam pits, playgrounds, climbing structures, enclosed bounce houses, and similar play structures.

The State's June 8, 2020 guidance provides specific guidance and restrictions for the operation of movie theaters. This includes limiting the number of people to 25% of theater capacity or a maximum of 100 attendees, whichever is lower, providing a reservation system, configuring seat availability and providing ushering services to help patrons maintain 6' social distancing. The State will evaluate the limitation on occupancy with public health officers statewide over time and may be adjust this limit at a later date.

Restaurants, bars, coffee shops, gift shops, museums and interactive exhibits, etc. within or associated with a family entertainment center must meet the requirements contained in this Order for those specific types of operations to be open.

Prior to re-opening the operator must ensure that their facility is clean and ready for customers by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, laundering, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all employee and customer areas.
 4. Sanitation and disinfecting supplies, including sanitizing wipes and hand sanitizer, are provided at various locations throughout the facility for employees and customers with attention to entrances and exits, counter areas, seating areas, gaming supply rental and return areas, and game areas.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Family Entertainment Centers](https://covid19.ca.gov/pdf/guidance-family-entertainment.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-family-entertainment.pdf>.

- C. Implement the [Industry Guidance](#) criteria applicable to the facility. This includes employee training, employee and patron health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where workers cannot maintain six feet from customers, increased cleaning and sanitation, customer health screening and facial covering recommendations, and other applicable guidance criteria.
- D. If storage lockers are provided, consider closing them. If kept open, then close certain lockers, provide spatial distancing cues and/or have an employee regulate locker use to ensure social distancing is maintained, and increase cleaning and sanitation so that lockers are cleaned and sanitized between uses.
- E. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the facility. Cross out those bullet points and associated paragraphs that are not applicable. Attach the completed [Industry Guidance](#) and any other site specific protocols to meet the [Industry Guidance](#) and this Order to the cover sheet in Attachment A-3A. This will be the written plan for social distancing (Written Plan) for the facility.
- F. Designate a COVID-19 supervisor to ensure the implementation of the facility's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or zones within the facility. However, if multiple COVID-19 supervisors are designated, then only one shall be responsible for the overall facility compliance with the Written Plan.
- G. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 - a. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of an on-site person who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 - b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations throughout the facility, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- H. Provide a copy of the Written Plan to all employees and have the plan available to the public upon request for their review.
- I. The family entertainment center may re-open once all criteria in this section are completed.

Once open, the family entertainment center must abide by all applicable [Industry Guidance](#) requirements, requirements of this Order, and their Written Plan.

Exhibit B, Appendix A-4: Low Risk Activity – Hotels, Lodging, and Short-Term Rentals

On June 5, 2020 the State released Industry Guidance for hotels, lodging, and short-term rentals, and current local conditions and disease epidemiology related to COVID-19 support allowing these facilities to operate in accordance with the State's guidance.

The State's guidance contains the following restrictions related to hotels, lodging, and short-term rentals:

- Large meeting venues, banquet halls, or convention centers should be kept closed until each of those types of establishments are allowed to resume modified or full operation.
- Property managers, timeshare operators, and other rental unit owners and operators must only rent unoccupied units and cannot rent rooms or spaces within an occupied residence until otherwise notified. A residence or unit that is rented while the operator is not physically present, or has a separate exterior entrance and exit that does not require the use of shared facilities, and is otherwise unoccupied, should be considered an unoccupied unit.
- Saunas, steam rooms, and hot tubs should remain closed.

The State also requires that operators consider leaving rooms vacant for 24 to 72 hours after a guest has departed. This will require operators to manage the occupancy of their hotel, lodging, or short-term rental to accommodate this provision.

Restaurants (including room service and continental breakfast), bars, retail, fitness centers, barbershops and hair salons within or associated with hotel and lodging operations must meet the requirements contained in this Order for those specific types of operations to be open.

Prior to re-opening or commencing expanded operations, the operator must ensure that their facility is clean and ready for guests by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, laundering, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all employee and customer areas.
 4. Sanitation and disinfecting supplies, including sanitizing wipes and hand sanitizer, are provided at various locations throughout the facility for employees and customers with attention to entrances and exits, counter areas, seating areas, and swimming pool areas.
- B. Review the guidance provided in the State of California "COVID-19 INDUSTRY GUIDANCE: Hotels, Lodging, and Short Term Rentals" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-hotels-lodging-rentals.pdf>.
- C. Implement the [Industry Guidance](#) criteria applicable to the facility. This includes employee training, employee health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where workers cannot maintain six feet from customers, increased cleaning and sanitation, customer health screening and facial covering recommendations, and other applicable guidance criteria.
- D. If a swimming pool is provided and is accessible to different household groups at the same time, than a system shall be implemented to limit use to ensure social distancing. This may include a reservation system and/or monitoring by an employee other than a life guard to limit use.
- E. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the establishment. Cross out those bullet points and associated paragraphs that are not

applicable. Attach the completed [Industry Guidance](#) and any other site specific protocols to meet the [Industry Guidance](#) and this Order to the cover sheet in Attachment A-4A. This will be the written plan for social distancing (Written Plan) for the facility.

- F. Designate a COVID-19 supervisor to ensure the implementation of the facility's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or zones within the facility. However, if multiple COVID-19 supervisors are designated, then only one shall be responsible for the overall facility compliance with the Written Plan.
- G. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 - a. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of an on-site person who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 - b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations throughout the facility, including pool areas, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- H. Provide a copy of the Written Plan to all employees and have the plan available to the public upon request for their review.
- I. The hotel, lodging, or short-term rental may re-open or expand its services to the public once all criteria in this section are completed.

Once open, the hotel, lodging, or short-term rental must abide by all applicable [Industry Guidance](#) requirements, requirements of this Order, and their Written Plan.

Exhibit B, Appendix A-5: Low Risk Activity – Campgrounds, RV Parks, and Outdoor Recreation

On June 5, 2020 the State released Industry Guidance for campgrounds, RV parks, and outdoor recreation, and current local conditions and disease epidemiology related to COVID-19 support allowing these facilities to operate in accordance with State and local guidance.

The State's guidance does not apply to youth camps (see Day Camps Exhibit C), team or contact sports, school and educational activities, and other public gatherings. Most organized activities and sports such as basketball, baseball, soccer, and football that are held on park fields, open areas, and courts are not permitted to the extent that they require coaches and athletes who are not from the same household or living unit to be in close proximity, which increases their potential for exposure to COVID-19. Members of the same household may engage in such activities and sports together.

Public events or concentrated gatherings at campgrounds or RV parks, including group bonfires, group campsites, presentations at outdoor amphitheaters, musical or other performances, or other events must be cancelled or postponed.

The State's guidance provides that playgrounds, conference spaces, or meeting rooms at campgrounds should remain closed.

The operator must ensure that their facility is clean and ready for guests by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, electrical and ventilation systems are operational, as applicable, to the site. This includes any on-site water system, which, if it has not been in use, should be chlorinated, flushed and, at a minimum, tested to ensure water meets applicable bacteriological state drinking water standards. For pools, this also includes ensuring that all filtering, disinfection, and recirculating systems are operable, that disinfectant, pH, and other chemical levels are at proper levels, and that signage and safety gear are present and in good condition per state code requirements.
 2. There is an adequate supply of PPE for staff; and if needed, contractors, vendors, and visitors.
 3. The facility is cleaned and disinfected, including all employee and customer areas, as applicable.
 4. Sanitation and disinfecting supplies, such as sanitizing wipes and hand sanitizer, are provided at various locations throughout fixed facilities, such as a visitor center, office, and if practical, restrooms and pool areas.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Campgrounds, RV Parks, and Outdoor Recreation](https://covid19.ca.gov/pdf/guidance-campgrounds.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-campgrounds.pdf>.
- C. Implement the [Industry Guidance](#) criteria applicable to the type of service provided at the facility. This includes employee training, employee health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where workers cannot maintain six feet from customers, increased cleaning and sanitation, customer health screening and facial covering recommendations, and other applicable guidance criteria.
- D. For operation of pools provided for residents' use at apartment complexes, mobile home parks, or condominium, townhome or other home owner association (HOA) type complexes, the following must also be implemented:

1. Pool and pool area (pool facility) used by residents only; no off-site guests are allowed.
 2. No gatherings or parties are allowed in the pool facility.
 3. Spas should be closed. If unable to close, then spa use must be limited to one person or one household use at a time.
 4. The number of people using the pool facility must be limited to ensure that 6' separation can always be maintained between people from different households. Pool operators may want to establish an occupancy limit specific to their pool facility to assist them in this endeavor. An example for consideration is limiting the number of people to 25% maximum pool occupancy or 10 people at a time, whichever is less.
 5. A monitored appointment system must be used to limit the use of the pool facility to a small number of household groups that reside on the property at a time. This could be an electronic web-based reservation system, sign in sheet at managers office, etc. The system should encourage all members of the same household to use the pool during the same appointment. This is usually overseen by the on-site manager or a member of the HOA board who lives on-site.
 6. A COVID-19 Supervisor (see F below), such as an onsite manager, designated employee or HOA board member residing on-site, who can consistently monitor the pool facility and ensure that social distancing is being maintained, must be designated. All employees and residents should know who this person is and how to contact the person. This COVID-19 Supervisor must have authority to close the pool facility if social distancing is not maintained.
- E. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the facility. Cross out those bullet points and associated paragraphs that are not applicable to the type of service provided. Attach the completed [Industry Guidance](#) and any other site specific protocols to meet the [Industry Guidance](#) and this Order to the cover sheet in Attachment A-5A. If operating a pool facility for residents at an apartment complex, mobile home park, or condominium, townhome or other HOA type complex, then also attach to the completed checklist that is Attachment A-5B. This will be the written plan for social distancing (Written Plan) for the facility.
- F. Designate a COVID-19 supervisor to ensure the implementation of the facility's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or zones within the facility. However, if multiple COVID-19 supervisors are designated, then only one shall be responsible for the overall facility compliance with the Written Plan.
- G. Post the COVID-19 related signage visible to employees and guests:
- i. At a minimum, post at or near each entrance areas in a manner that is readily visible to the public and employees the following signs:
 - a. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of an on-site person who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 - b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our](#)

[Community Stay Healthy sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.

- ii. Post, in areas visible to workers and public at various locations throughout the facility, including visitor centers, offices, pool areas, and common noticing areas, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- H. Provide a copy of the Written Plan to all employees and have the plan available to the public upon request for their review. Providing the Written Plan in an electronic format is acceptable.
- I. Once all criteria in this section are completed, the campground, RV park, and/or outdoor recreation operation may open, expand its services to the public, or occur provided that it continues to abide by all applicable [Industry Guidance](#) requirements, requirements of this Order, and their Written Plan.

ADDENDUM**

**Solano County
Addendum to Written Plan (Attachment A-5A)
For Pool Facilities at apartment complexes, mobile home parks, or HOA type complexes**

- Pool and pool area (pool facility) used by residents only; no off-site guests are allowed.
- No gatherings or parties are allowed in the pool facility.
- Spas are closed or limited to use by one person or by one household at a time.
- The number of people using the pool facility is limited to ensure that 6’ separation can always be maintained between people from different households. If a maximum occupancy to facilitate maintaining the minimum 6’ separation is established, that maximum occupancy is:_____ people.
- A monitored appointment system is being actively implemented to limit the use of the pool facility to a small number of household groups that reside on the property at a time. A short description of the system is provided below:

- A COVID-19 Supervisor who consistently monitors the pool facility and ensures that social distancing is being maintained has been designated. The COVID-19 Supervisor has authority to close the pool facility if social distancing is not being maintained. All employees and residents have been informed of this contact information for this person.

Name of COVID-19 Supervisor: _____

Contact information: _____

Attached additional sheets and schedule if more than one.

Once complete, attach to Written Plan after Attachment A-5A.

Exhibit B, Appendix A-6: Low Risk Activity – Satellite Wagering Facilities and Racetracks

On June 5, 2020 the State released Industry Guidance for satellite wagering facilities and racetracks, and current local conditions and disease epidemiology related to COVID-19 support allowing these facilities to operate in accordance with the State's guidance.

The State's guidance currently restricts racetracks from allowing spectators. Racetrack operators should occasionally review the state guidance to determine if spectators are conditionally allowed at a later date.

Restaurants, bars, lounges, retail shopping, indoor and outdoor sporting and entertainment venues, associated with satellite wagering facility and racetrack operations must meet the requirements contained in this Order for those specific types of operations to be open.

Prior to re-opening or commencing expanded operations, the operator must ensure that their facility is clean and ready for guests by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all employee and customer areas.
 4. Sanitation and disinfecting supplies, such as sanitizing wipes and hand sanitizer, are provided at various locations throughout the facility for employees and customers with attention to entrances and exits, counter areas, seating areas.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Cardrooms, Satellite Wagering Facilities, and Racetracks](https://covid19.ca.gov/pdf/guidance-cardrooms-racetracks.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-cardrooms-racetracks.pdf>.
- C. Implement the [Industry Guidance](#) criteria applicable to the facility. This includes employee training, employee health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where workers cannot maintain six feet from customers, increased cleaning and sanitation, customer health screening and facial covering recommendations, and other applicable guidance criteria.
- D. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the establishment. Cross out those bullet points and associated paragraphs that are not applicable. Attach the completed [Industry Guidance](#) and any other site specific protocols to meet the [Industry Guidance](#) and this Order to the cover sheet in Attachment A-6A. This will be the written plan for social distancing (Written Plan) for the facility.
- E. Designate a COVID-19 supervisor to ensure the implementation of the facility's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or zones within the facility. However, if multiple COVID-19 supervisors are designated, then only one shall be responsible for the overall facility compliance with the Written Plan.
- F. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:

- a. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of an on-site person who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 - b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations throughout the facility, including pool areas, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- G. Provide a copy of the Written Plan to all employees and have the plan available to the public upon request for their review. Providing the Written Plan in an electronic format is acceptable.
- H. The satellite wagering facility or racetrack may re-open or expand its services to the public once all criteria in this section are completed.

Once open, the satellite wagering facility or racetrack must abide by all applicable [Industry Guidance](#) requirements, requirements of this Order, and their Written Plan.

Attach a check marked copy of the [COVID-19 INDUSTRY GUIDANCE: Cardrooms, Satellite Wagering Facilities, and Racetracks](#).

**Appendix B:
Solano County Social Distancing Protocol (Updated May 5, 2020)**

Business name:

Facility Address:

Approximate gross square footage of space open to the public:

Businesses must implement all applicable measures listed below, and be prepared to explain why any measure that is not implemented is inapplicable to the business.

Signage:

- Signage at each public entrance of the facility to inform all employees and customers that they should: avoid entering the facility if they have COVID-19 symptoms; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face coverings, as appropriate; and not shake hands or engage in any unnecessary physical contact.
- Signage posting a copy of the Social Distancing Protocol at each public entrance to the facility.
- Signage at areas visible to all workers, required hygienic practices including not touching face with unwashed hands or with gloves; washing hands with soap and water for at least 20 seconds; use of hand sanitizer with at least 60% alcohol, cleaning and disinfecting frequently touched objects and surfaces such as workstations, keyboards, telephones, handrails, machines, shared tools, and doorknobs; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC

Measures To Protect Employee Health (check all that apply to the facility):

- Everyone who can carry out their work duties from home has been directed to do so.
- All employees have been told not to come to work if sick.
- Symptom checks are being conducted before employees may enter the work space.
- Personal Protective Equipment (PPE) to protect from COVID-19 provided to Employees as appropriate for tasks. Employees are required to wear face coverings, as appropriate.
- All desks or individual work stations are separated by at least six feet.
- Break rooms, bathrooms, and other common areas are being disinfected frequently, on the following schedule:
 - Break rooms:
 - Bathrooms:
 - Other
- Disinfectant and related supplies are available to all employees at the following location(s):
- Hand sanitizer effective against COVID-19 is available to all employees at the following location(s):
- Soap and water are available to all employees at the following location(s): Click or tap here to enter

text.

- Copies of this Protocol have been distributed to all employees and employees have been trained on protocol.
- Optional—Describe other measures:

Measures To Prevent Crowds From Gathering (check all that apply to the facility):

- Limit the number of customers in the store at any one time to _____, which allows for customers and employees to easily maintain at least six-foot distance from one another at all practicable times.
- Employee monitors door to ensure that the maximum number of customers in the facility set forth above is not exceeded.
- Placing per-person limits on goods that are selling out quickly to reduce crowds and lines. Explain:
- Optional—Describe other measures:

Measures To Keep People At Least Six Feet Apart (check all that apply to the facility)

- Placing signs outside the store reminding people to be at least six feet apart, including when in line.
- Placing tape or other markings at least six feet apart in customer line areas inside the store and on sidewalks at public entrances with signs directing customers to use the markings to maintain distance.
- Separate order areas from delivery areas to prevent customers from gathering.
- All employees have been instructed to maintain at least six feet distance from customers and from each other, except employees may momentarily come closer when necessary to accept payment, deliver goods or services, or as otherwise necessary utilizing appropriate PPE.
- Optional—Describe other measures:

Measures To Prevent Unnecessary Contact (check all that apply to the facility):

- Preventing people from self-serving any items that are food-related.
- Lids for cups and food-bar type items are provided by staff; not to customers to grab.
- Bulk-item food bins are not available for customer self-service use.
- Not permitting customers to bring their own bags, mugs, or other reusable items from home.
- Providing for contactless payment systems or, if not feasible, sanitizing payment systems regularly. Describe: [Click or tap here to enter text.](#)
- Optional—Describe other measures (e.g. providing senior-only hours):

Measures To Increase Sanitization (check all that apply to the facility):

- Disinfecting wipes that are effective against COVID-19 are available near shopping carts and

shopping baskets.

- Employee(s) assigned to disinfect carts and baskets regularly.
- Hand sanitizer, soap and water, or effective disinfectant is available to the public at or near the entrance of the facility, at checkout counters, and anywhere else where people have direct interactions.
- Disinfecting all payment portals, pens, and styluses after each use.
- Disinfecting all high-contact surfaces frequently.
- No sharing of equipment between employees to the extent practical. Touch surfaces on equipment is sanitized between different employee use if must be shared.
- Optional—Describe other measures:

Measures to Ensure Compliance to Protocol:

- A COVID-19 Supervisor, who can be an on-site employee, is designated for all periods the business is operating to ensure compliance with this protocol. A schedule of assigned staff is attached.

* Any additional measures not included here should be listed on separate pages and attached to this document.

You may contact the following person with any questions or comments about this protocol:

Exhibit C - Medium Risk Activities

Medium Risk businesses, organizations, gatherings and activities are those that, by their nature, cannot readily implement physical distancing methods (spatial separation or use of barriers) due to the need for closer, prolonged contact between individuals to provide or receive services or to perform the activity. Since physical distancing cannot be readily implemented or maintained while providing service or performing the activity, the use of personal protective equipment (PPE), such as face coverings, is specified in the attachments hereto as mitigation for the lack of physical distancing methods.

Only those Medium Risk businesses, organizations, gatherings and activities listed below may operate as of the effective date(s) provided below if they meet the requirements of this Order and those contained within the appendices of Exhibit C.

Effective at 6:00 a.m. on May 22, 2020:

- **Dine-in Restaurants** operation may open to the public if operated in accordance with this Order and Appendix C-1.

Effective at 6:00 a.m. on May 27, 2020:

- **Hair salons and barbershops** may open to the public if operated in accordance with this Order and Appendix C-2.

Effective at 6:00 a.m. on June 8, 2020:

- **Bars and Wineries**, including tasting rooms and tap rooms, may open to the public if operated in accordance with this Order and Appendix C-1.

Effective at 6:00 a.m. on June 12, 2020:

- **Day Camps** may open to the public if operated in accordance with this Order and Appendix C-3.

Effective at 6:00 a.m. on June 16, 2020:

- **Professional Sports (without live audiences)** may open to the public if operated in accordance with this Order and Appendix C-4.

Effective at 6:00 a.m. on June 19, 2020:

- **Expanded Personal Care Services** may open to the public if operated in accordance with this Order and Appendix C-5.

Exhibit C, Appendix C-1: Requirements for Restaurants, Bars and Wineries, including Tasting Rooms and Tap Rooms:

A. Determine the current operation status your restaurant, bar or winery.

1. If your restaurant, bar or winery has been completely closed since March 19, 2020 as a result of shelter-at-home orders issued by the State and/or County, and you are completely re-opening the entire facility, then complete sections b and c below.
2. If only the dining room, bar, tasting room, or tap room portion of your facility has been closed while other portions of your facility continued operation, and now needs to be re-opened, then complete section c below.

B. Reopening a Restaurant, bar or winery that was previously fully closed as a result of shelter-at-home orders (since March 19, 2020).

Orders issued by the State of California (Executive Order N-3320) and the Solano County Public Health Officer on March 19, 2020 required all residents to stay at home except for work in critical infrastructure sectors or otherwise to facilitate authorized necessary activities. As a result of these orders, restaurants, bars and wineries could no longer offer dine-in, bar, tap room, or tasting room services to their customers. If a facility had closed completely as a result of these Orders to address the COVID-19 pandemic and is now reopening, then prior to opening the operator will ensure the following:

1. All equipment, plumbing, and ventilation systems are operational.
2. All food stored on-site during closure has been maintained at proper temperatures and is not contaminated (if in doubt, food shall be discarded).
3. All food passed listed expiration dates on packaging shall be discarded.
4. Any insect or rodent infestation is abated.
5. The facility is thoroughly cleaned.
6. Staff are up to date on food handler training or certification.

Once this is complete, proceed to *c. Criteria for all Restaurants* below.

C. Criteria for all Restaurants, Bars and Wineries, including Tasting Rooms and Tap Rooms to Re-open Dine-In services to customers

1. If not previously performed, clean and sanitize all areas that have not been in use while other portions of the facility were operating.
2. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Restaurants, Bars, and Wineries](https://covid19.ca.gov/pdf/guidance-restaurants-bars.pdf)" found at <https://covid19.ca.gov/pdf/guidance-restaurants-bars.pdf>. Implement the guidance criteria applicable to the specific restaurant, bar, or winery operation. This includes employee training, employee health monitoring, use physical separation methods or barriers, use of personal protective equipment (PPE) such as face masks in customer areas or where employees cannot maintain six feet from one another, increased cleaning and sanitation, and other applicable guidance criteria.
3. Print out the "[COVID-19 INDUSTRY GUIDANCE: Restaurants, Bars, and Wineries](https://covid19.ca.gov/pdf/guidance-restaurants-bars.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-restaurants-bars.pdf> and place a check mark next to each bullet implemented and cross out bullets not applicable to your operation. Attach the completed Industry Guidance to the cover sheet in Attachment C-1A. This will be your restaurant's written plan for social distancing (Written Plan).
4. Designate a COVID-19 supervisor to ensure the implementation of the facility's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open.

The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts.

5. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 1. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of a person at the facility who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 2. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations within the facility, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
6. Provide a copy of the Plan to all employees and have the plan available to the public upon request for their review.
7. The dine-in, bar, and/or winery portion of the facility may re-open once all criteria in this section are completed.

Attach a completed copy of the [COVID-19 INDUSTRY GUIDANCE: Restaurants, Bars, and Wineries](#).

Appendix C-2: Requirements for Hair Salons and Barbershops:

Orders issued by the State of California (Executive Order N-3320) and the Solano County Public Health Officer on March 19, 2020 required all residents to stay at home except for work in critical infrastructure sectors or otherwise to facilitate authorized necessary activities. As a result of these orders, all hair salons and barbershops could no longer offer services to their customers. Prior to re-opening the operator must ensure that their salon or shop is clean and ready for customers by ensuring the following:

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, laundering, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all workstations and customer areas.
 4. All workstations and front counter areas are stocked with sanitation and disinfecting supplies, including sanitizing wipes and hand sanitizer.
- B. Review the guidance provided in the State of California "[COVID-19 Industry Guidance: Hair Salons and Barbershops](https://covid19.ca.gov/pdf/guidance-hair-salons.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-hair-salons.pdf>.
- C. Implement the guidance criteria applicable to the specific type services provided to customers. This includes employee training, employee health monitoring, use physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings, face shields and/or gloves while providing services or in areas where workers cannot maintain six feet from customers and/or each other, increased cleaning and sanitation, and other applicable guidance criteria.
- D. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the salon or shop. Cross out those bullet points and associated paragraphs that are not being implemented. Attach the completed [Industry Guidance](#) to the cover sheet in Attachment C-2A. This will be the written plan for social distancing (Written Plan) for the salon or shop.
- E. Designate a COVID-19 supervisor to ensure the implementation of the salon or shop's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the salon or shop is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts.
- F. Post the COVID-19 related signage visible to employees and guests:
 - i. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 1. A sign stating that the salon or shop has a Written Plan available for review and stating the name and phone number of a person at the salon or shop who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 2. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.

- ii. Post, in areas visible to workers and public at various locations within the salon or shop, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- G. Provide a copy of the Plan to all employees and have the plan available to the public upon request for their review.
- H. The salon or shop may re-open once all criteria in this section are completed.

ATTACHMENT C-2A**

**Solano County
Written Plan for Social Distancing (Written Plan)
for Hair Salons and Barbershops**

Business name:

Facility Address:

Number of customers allowed into salon or shop at one time:

California Guidance for Hair Salons and Barbershops:

This Written Plan meets guidance from California's [COVID-19 Industry Guidance: Hair Salons and Barbershops](#) (Industry Guidance) applicable to the type of service provided by this facility. The [Industry Guidance](#) showing the applicable protections being implemented at this barber shop or salon is attached.

Signage and Availability of Written Plan:

- Signs are posted at or near the entrance doors readily visible to employees and the public that a [Written Plan](#) is available upon request and providing [general precautions](#) to prevent the spread of COVID-19 to be consider before or upon entering the facility.
- Signs are posted throughout the facility in a manner readily visible to workers and customers reminding them of the [general practices](#) to help reduce the risk of spreading COVID-19.
- A copy of the Written Plan is readily available to the public upon request.

Measures to Ensure Compliance to Protocol:

- A COVID-19 Supervisor, who can be an on-site employee, is designated for all periods the salon or shop is operating to ensure compliance with this protocol.
- A copy of this Written Plan has been provided to all employees and all employees have received training on the plan.

* Any additional measures not included here or in the Industry Guidance should be listed on separate pages and attached to this document.

Attach a check marked copy of the [COVID-19 Industry Guidance: Hair Salons and Barbershops](#).

Exhibit C, Appendix C-3: Requirements for Day Camps

On June 5, 2020 the State released Industry Guidance for Day Camps, and current local conditions and disease epidemiology related to COVID-19 support allowing these facilities to operate in accordance with the State's guidance. The State's Industry Guidance includes a caveat that the more people a camper or staff member interacts with, and the longer the interaction occurs, the higher the risk of COVID-19 spread. The risk of COVID-19 spread increases in youth camp settings as follows:

- Low Risk: Small groups of campers stay together all day, each day. Campers remain at least 6 feet apart from each other and from Day Camp staff and do not share objects. Outdoor activities are prioritized. All campers are from the same local geographic area (e.g., same city or county).
- Medium Risk: Campers mix between groups and do not remain spaced apart. All campers are not from the local geographic area (e.g., different city or county).

All effort must be made to plan and maintain a Low Risk Day Camp. However, to facilitate operation of Day Camps, this approval is based on Medium Risk, though any Low Risk Day Camp is also approved.

Prior to re-opening or commencing expanded operations, the operator must ensure that their facility is clean and ready for guests by ensuring the following:

- A. The day camp is prepared to receive campers:
 1. Any facilities used for the day camp are operable, cleaned and stocked. All equipment, plumbing, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, campers.
 3. All touch points are thoroughly cleaned and disinfected, including all indoor and outdoor equipment to be used and staff and camper areas.
 4. Sanitation and disinfecting supplies, such as sanitizing wipes and hand sanitizer, are provided at various locations and available for staff and campers.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Day Camps](https://covid19.ca.gov/pdf/guidance-daycamps.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/guidance-daycamps.pdf>.
- C. Implement the [Industry Guidance](#) criteria applicable to the Day Camp. This includes staff training, staff health monitoring, use of physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings in areas where staff cannot maintain six feet from campers or each other, increased cleaning and sanitation, camper health screening and facial covering recommendations, and other applicable guidance criteria.
- D. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the Day Camp. Cross out those bullet points and associated paragraphs that are not applicable. Attach the completed [Industry Guidance](#) and any other protocols being implemented specific to the Day Camp provided to meet the [Industry Guidance](#) and this Order to the cover sheet in Attachment C-3A. This will be the written plan for social distancing (Written Plan) for the facility.
- E. Designate a COVID-19 supervisor to ensure the implementation of the Day Camp's Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the Day Camp is operating. The COVID-19 supervisor can be a staff person who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or zones within the Day Camp. However, if multiple COVID-19 supervisors are designated, then only one shall be responsible for the overall compliance with the Written Plan.

- F. Post the COVID-19 related signage visible to staff and campers, parents or guardians as applicable. If there is no structure, then copies of the sign (or equivalent notice) shall be provided to each camper, parent or guardian. Electronic copies of the sign (or equivalent notice) or Written Plan may also be provided in lieu of hard copies:
- i. Post at or near each entrance door in a manner that is readily visible to the participants and staff or provide to campers, parents or guardians as applicable the following signs:
 - a. A sign stating that the facility has a Written Plan available for review and stating the name and phone number of an on-site person who can be contacted regarding details of the Written Plan. A sample [Written Plan entrance sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
 - b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
 - ii. Post, in areas visible to workers and public at various locations throughout the facility being used, or if no facility, provide to campers, parents or guardians as applicable, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](#) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- G. Provide a copy of the Written Plan to all employees and have the plan available to the campers, parents or guardians as applicable upon request for their review. Providing the plan to employees and public in an electronic format is acceptable.
- H. The Day Camp may provide services to the campers once all criteria in this section are completed.

Once open, the Day Camp must abide by all applicable [Industry Guidance](#) requirements, requirements of this Order, and their Written Plan.

**EXHIBIT C, APPENDIX C-3
ATTACHMENT C-3A**

**Solano County
Written Plan for Social Distancing (Written Plan)
for Day Camps**

Business name:

Facility Address:

Number of campers allowed into the Day Camp at one time:

California and Local Guidance for Day Camps:

This Written Plan meets guidance from California's [COVID-19 INDUSTRY GUIDANCE: Day Camps](#) (Industry Guidance) applicable to the type of service provided by this facility. The [Industry Guidance](#) showing the applicable protections being implemented at this facility is attached.

Maintenance of six feet separation between all individuals is emphasized during activities. Staff and, if age appropriate, campers, wear face coverings if six feet separation cannot be maintained.

Signage and Availability of Written Plan:

Signs are posted at or near the entrance doors readily visible to employees and campers, parents or guardians that a [Written Plan](#) is available upon request and providing [general precautions](#) to prevent the spread of COVID-19 to be consider before or upon entering the facility. If signs cannot be posted, then a copy of the sign or equivalent notification is provided as applicable.

Signs are posted throughout any facility in a manner readily visible to workers and campers, parents or guardians reminding them of the [general practices](#) to help reduce the risk of spreading COVID-19. If signs cannot be posted, then a copy of the sign or equivalent notification is provided as applicable.

A copy of the Written Plan is readily available to the public upon request.

Measures to Ensure Compliance to Protocol:

At least one COVID-19 Supervisor, who can be an on-site employee, is designated for all periods the day camp is operating to ensure compliance with this protocol.

A copy of this Written Plan has been provided to all employees and all employees have received training on the plan.

* Any additional measures not included here or in the Industry Guidance should be listed on separate pages and attached to this document.

You may contact the following person with any questions or comments about this protocol:

Phone number:

Attach a check marked copy of the [COVID-19 INDUSTRY GUIDANCE: Day Camps](#).

Exhibit C, Appendix C-4: Requirements for Professional Sports (without live audiences)

Current local conditions and disease epidemiology related to COVID-19 support resumption of professional sports without live audiences provided it is done in accordance with the State's industry guidance and local criteria, which is as follows:

- A. The facility is prepared for training and competitive activities:
 - 1. The facilities used are operable, cleaned and stocked. All equipment, plumbing, and ventilation systems are operational. This includes restrooms, showers and locker rooms.
 - 2. There is an adequate supply of PPE for athletes, coaches, medical staff, contractors, vendors.
 - 3. All touch points are thoroughly cleaned and disinfected as applicable. This includes restrooms, showers and locker rooms.
 - 4. Sanitation and disinfecting supplies, such as sanitizing wipes and hand sanitizer, are provided at various locations and available for staff.
- B. In accordance with the State's criteria to reduce the risk of COVID-19 transmission, athletes, coaching staff, medical staff, broadcasting staff and others at sporting facilities or events should abide by their agreed upon COVID-19 protocols. Back office staff and management should adhere to the State's [COVID-19 Industry Guidance: Office Workspaces](https://covid19.ca.gov/pdf/guidance-office-workspaces.pdf) (Office Workspaces) found at <https://covid19.ca.gov/pdf/guidance-office-workspaces.pdf>. Retail staff should adhere to the State's [COVID-19 Industry Guidance: Retail](https://covid19.ca.gov/pdf/guidance-retail.pdf) (Retail) found at <https://covid19.ca.gov/pdf/guidance-retail.pdf>.

Exhibit C, Appendix C-5: Requirements for Expanded Personal Care Services

On June 12, 2020 the State released Industry Guidance for Expanded Personal Care Services, and current local conditions and disease epidemiology related to COVID-19 support allowing these facilities to operate in accordance with the State's guidance. Personal Care Services includes facials, electrolysis, and waxing and applies to esthetician, skin care, and cosmetology services; electrology; nail salons; body art professionals, tattoo parlors and piercing shops; and massage therapy (in non-healthcare settings). The State's Industry Guidance contains both general requirements for the industry and specific requirements for each type of service. It is very important that both the owner/operator of the shop and any lessee or contractor understand and implement the general and specific requirements for the type of service they are providing to their customers.

- A. The facility is operable, cleaned and stocked:
 1. All equipment, plumbing, laundering, and ventilation systems are operational.
 2. There is an adequate supply of PPE for staff, contractors, vendors, and, if needed, customers.
 3. The facility is thoroughly cleaned and disinfected, including all equipment, workstations and customer areas.
 4. All workstations and front counter areas are stocked with sanitation and disinfecting supplies, including sanitizing wipes and hand sanitizer.
 5. All permits, licenses and registrations for the facility and individual operators, as applicable, are valid.
- B. Review the guidance provided in the State of California "[COVID-19 INDUSTRY GUIDANCE: Expanded Personal Care Services](https://covid19.ca.gov/pdf/expanded-personal-services.pdf)" (Industry Guidance) found at <https://covid19.ca.gov/pdf/expanded-personal-services.pdf>
- C. Implement the guidance criteria applicable to the specific type services provided to customers. This includes employee training, employee health monitoring, use physical separation methods or barriers, use of personal protective equipment (PPE) such as face coverings, face shields and/or gloves while providing services or in areas where workers cannot maintain six feet from customers and/or each other, increased cleaning and sanitation, and other applicable guidance criteria.
- D. Print out the [Industry Guidance](#) and place a check mark by each bullet point that is implemented at the salon or shop. Cross out those bullet points and associated paragraphs that are not being implemented. Attach the completed [Industry Guidance](#) to the cover sheet in Attachment C-5A. and add any other specific protocols being implemented at the site to prevent the transmission of COVID-19 by complying with the state and local Orders. This will be the written plan for social distancing (Written Plan) for the site.
- E. Designate a COVID-19 supervisor to ensure the implementation of the Written Plan. The designated COVID-19 supervisor shall be present on-site at all times the facility is open. The COVID-19 supervisor can be an on-site worker who is designated to carry this role. More than one COVID-19 supervisor may be designated to account for multiple shifts or areas, but only one COVID-19 supervisor shall be responsible for ensuring compliance with the State's [Industry Guidance](#) and this Order for the whole facility.
- F. Post the COVID-19 related signage visible to employees and customers:
 - iii. Post at or near each entrance door in a manner that is readily visible to the public and employees the following signs:
 - a. A sign stating that the salon or shop has a Written Plan available for review and stating the name and phone number of a person at the salon or shop who can be contacted

- regarding details of the Written Plan. A sample [Written Plan entrance sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32285>.
- b. A sign stating to stay home if you have a cough, fever or feel unwell; maintain a minimum six-foot distance from one another; sneeze and cough into a cloth or tissue or, if not available, into one's elbow; wear face covering in public; and avoid physical contact. A sample [Help Our Community Stay Healthy sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32286>.
- iv. Post, in areas visible to workers and public at various locations within the salon or shop, signs providing general guidance on practices to help reduce the risk of spreading COVID-19, including not touching face; washing hands with soap and water for at least 20 seconds; cleaning and disinfecting frequently touched objects; covering the mouth and nose when coughing or sneezing as well as other hygienic recommendations by the CDC. A sample [Stop the Spread of Germs sign](http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283) can be found on the County's website at <http://www.solanocounty.com/civicax/filebank/blobdload.aspx?blobid=32283>.
- G. Provide a copy of the Written Plan to all employees and have the plan available to the public upon request for their review. The plan can be provided in an electronic format to meet this requirement.
- H. The facility may re-open once all criteria in this section are completed.
