If a satisfactory agreement cannot be reached, negotiations will be entered into with the second ranked firm who will become the successful proposer. This process will be repeated, if necessary, with lower-ranked Consultants until a tentative agreement is reached with a Consultant. This agreement will then be presented to the Director of Resource Management with a recommendation that it be approved. The final decision on selection of a Consultant and execution of a contract rests with the Director of Resource Management. The County will issue a “Notice to Proceed” upon execution of the contract.

The County’s goal is to select the firm that will provide a high quality of work at a reasonable price. While cost will be a consideration, this is not a competitive bid process. The successful applicant will be selected based on experience and capabilities of the firm, the quality of relevant work performed in the past, and the estimated cost of the work, the capability of the team proposed, and compliance with the requirements and purposes of the County Equal Opportunity in Contracts Policy.

All proposals shall become the property of the County upon submission. The County assumes no liability or responsibility in the preparation or submission of any proposal, and such submission shall be at no cost to the County.

B. Contractor further represents that Contractor possesses current valid appropriate licensure, including, but not limited to, driver's license, professional license, certificate of tax-exempt status, or permits, required to perform the work under this Contract.

7. INSURANCE

12. RESPONSIBILITIES OF CONTRACTOR

A. The parties understand and agree that Contractor possesses the requisite skills necessary to perform the work under this Contract and County relies upon such skills.
