

CONSENT AND QUESTIONNAIRE FORMS

An informed consent form shall include all of the following information:

- (1) A description of the procedure.
- (2) A description of what the client should expect following the procedure, including suggested care and any medical complications that may occur as a result of the procedure.
- (3) A statement regarding the permanent nature of body art.
- (4) Notice: Tattoo inks, dyes & pigments haven't been approved by the federal Food & Drug Adm. & the health consequences of using these products are unknown.

(5) Post-procedure instructions that include all of the following:

- (A) Information on the care of the procedure site.
- (B) Restrictions on physical activities such as bathing, recreational water activities, gardening, or contact with animals, and the duration of the restrictions.
- (C) Signs and symptoms of infection, including redness, swelling, tenderness of the procedure site, elevated body temperature, or purulent drainage from the procedure site.
- (D) Signs and symptoms that indicate the need to seek medical care.

A questionnaire shall include all of the following information:

- (1) Whether the client may be pregnant.
- (2) Whether the client has a history of herpes infection at the proposed procedure site, diabetes, allergic reactions to latex or antibiotics, hemophilia or other bleeding disorder, or cardiac valve disease.
- (3) Whether the client has a history of medication use or is currently using medication, including being prescribed antibiotics prior to dental or surgical procedures.
