Dear Resident,

Solano County is currently seeking input from Vallejo community members, businesses, and organizations around Benicia Road for a Public Works road improvement project. The Benicia Road Complete Streets Project will include streetscape and landscape beautifications around Benicia Road. The project seeks to revitalize Benicia Road with improved pedestrian, cyclist, and transit facilities in a multi-modal friendly environment.

Construction of the Benicia Road Complete Streets Project is projected to begin in the Fall of 2022. Solano County is requesting the input of residents and local businesses. In the ever-changing environment of COVID 19, Solano County will hold a virtual Open House on Wednesday, January 5, 2022 at 6:30pm, to introduce the project, receive input, and field questions and concerns from community members.

Upon the completion of the Open House event, Solano County will hold continued community outreach programs, detailed on our website. If requested, this will include personal walkthrough of how your frontage will be affected, and what service interruptions you may expect.

You can access the virtual Open House at:

We appreciate your input and look forward to seeing you on Wednesday, January 5th at 6:30pm.

Thanks,

Matt Tuggle
