Project Title: Aries Fairfield Bioprocessing Facility

Project Applicant: Aries Fairfield, LLC

Project Location (include county): Fairfield, Solano County, California

Project Description:

The Fairfield-Suisun Sewer District (FSSD) proposes to execute a lease agreement with Aries Fairfield LLC, who proposes the construction and operation of a biomass processing facility located on approximately 2.5 acres of a 7-acre leased site within the existing FSSD Wastewater Treatment Plant (WWTP). The Project would be suitable for processing and converting a variety of biomass streams (e.g., biosolids from the District or other wastewater treatment plants in the area and woody biomass from local industrial or municipal producers/aggregators), diverting these biomass streams from landfills, and converting them into usable renewable thermal energy, renewable electrical energy, and carbon products (that have beneficial uses in building, manufacturing, industrial, and agricultural material inputs and also can sequester carbon).

This is to advise that the Fairfield-Suisun Sewer District has approved the above (Lead Agency or Responsible Agency)

described project on March 28, 2022 and has made the following determinations regarding the above (date) described project.

- 1. The project will not have a significant effect on the environment.
2. An Environmental Impact Report was prepared for this project pursuant to the provisions of CEQA. A Negative Declaration was prepared for this project pursuant to the provisions of CEQA.
3. Mitigation measures were made a condition of the approval of the project.
4. A mitigation reporting or monitoring plan was adopted for this project.
5. A statement of Overriding Considerations was adopted for this project.
6. Findings were made pursuant to the provisions of CEQA.

This is to certify that the final EIR with comments and responses and record of project approval, or the negative Declaration, is available to the General Public at: 1010 Chadbourne Rd, Fairfield, CA 94534
