Multiple

Project Description: (please use a separate page if necessary)

The Yolo Bypass Cache Slough Partnership is proposing to implement a program of numerous related projects in the Yolo Bypass over the next 25 years to provide essential flood conveyance capacity in the Yolo Bypass while improving its resiliency, reliability, and adaptability to climate change; enhancing aquatic and terrestrial species habitats; and preserving agricultural land and economic values. In addition to analyzing a range of potential projects, the Master Plan addresses operations and maintenance of flood facilities throughout the Yolo Bypass region, including both facilities that may be replaced or otherwise modified under the Master Plan, and existing facilities.

Document Posted From 08-15-2022 to

Deputy Clerk of the Board

Note: The State Clearinghouse will assign identification numbers for all documents. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
