### **Introduction**

Please be advised that the County of Solano Solid Waste Local Enforcement Agency (LEA) received a 5 Year Permit Review notification for the Standardized Non-Hazardous Ash Solid Waste Facility Permit for Tonnesen Pet Cemetery. The LEA is certified by the California Department of Resources, Recovery and Recycling to enforce State laws and regulations at solid waste facilities within the County of Solano.

### **Description of Project**

Tonnesen Pet Cemetery is currently permitted under a Standardized Non-Hazardous Ash Solid Waste Facility Permit (Standardized Permit) issued on April 25, 2018. The LEA is required to review the Standardized Permit every 5 years. Tonnesen Pet Cemetery is approximately a 9-acre existing facility located at 3700 Scally Rd, Suisun, CA. Per the terms of the Standardized Permit, the facility accepts a maximum of 550 cubic yards of cremated animal ash per year. The facility is only open to approved commercial customers and is not open to the public. All cremation is done off site and there are typically four loads disposed per month. *No changes are proposed to the existing permitted facility or operations as part of the 5 Year Permit Review notification.*

### **LEA's Determination**

The LEA reviewed the 5 Year Permit Review notification and determined that the facility operations remain consistent with State Minimum Standards and all adopted CEQA documents. The LEA accepted the 5 Year Permit Review notification as correct and complete on March 24, 2023 and proposes to reissue the Standardized Permit.

### **Additional Information**

Documents are available for public review by appointment in the LEA office located at 675 Texas Street, Suite 5500, Fairfield, CA 94533. If you have any questions, please contact Chelsea Lash at (707) 784-6765 or by email at [cblash@solanocounty.com](mailto:cblash@solanocounty.com).
